

Centre for PG Studies and Research St Philomena College

Re-accredited by NAAC at 'A' Grade | Affiliated to Mangalore University

Calendar 2016 -17

FOUNDER

Msgr. Antony Patrao was born on 10-12-1901 in Mangalore. He studied at St. Aloysius College, Mangalore. Later he joined St. Joseph's Seminary, Jeppu, Mangalore. He was ordained a priest on 03-12-1927. He was appointed the Parish Priest of Mai De Deus Church, Puttur on 08-10-1939. He became a household name in Puttur as he dedicated himself for the welfare of all the people. He was a great philanthropist and a visionary.

He founded in Puttur :
Mai De Deus Primary School | St. Victor Girl's High School
St. Philomena High School | St. Philomena College
St. Victor English Medium School | Fr Patrao Hospital

After leading a useful life dedicated wholly to the welfare of humankind, Msgr Patrao left for the Heavenly Abode on 14-05-1975 at the ripe age of 74 years.

May God grant him Eternal Rest

PRAYER

Eternal Wisdom, deign to send a ray
of your light to illumine our mind.

Grant us an intellect capable of
understanding,

a memory capable of retaining and
a speech capable of expressing.

Above all, grant us the strength to do

Your will now and always.

COLLEGE ANTHEM

We praise You and prostrate
Our Heavenly Teacher great
From darkness true to light
Lead us Lord day and night

We shall build human-kind
with selfless love and care
we shall build a new world
with service kind and rare

We shall help everyone
with sincere generous heart
we shall end oppression
with hope and commitment.

St Philomena College

Centre for PG Studies & Research

Philonagar, Darbe, Puttur - 574 202

THE INSTITUTION

St Philomena College was founded by Msgr Antony Patrao who felt that a College in this part of the state would save the people of the inconvenience of moving to distant places for higher education. He set out to realize his dream and the mission was accomplished in the year 1958 by establishing St Philomena College.

Since its inception, the College has been growing steadily. The quantitative growth has been supplemented by undiluted quality. The College has been imparting higher education to the youth drawn from far and wide. Students are enrolled without discrimination. Msgr Patrao tended the Institution with motherly care. His example was emulated by his successors. The College has earned a name by virtue of its disciplined functioning and its achievements in the academic field as well as in the field of sports and games. Based on its infrastructure, learning resources and achievements, the College has been re-accredited by NAAC at 'A' Grade.

VISION

To be a premier Institution for Higher Education, constantly in service to the society in the field of education and welfare.

MISSION

To educate and train the young knowledge seekers for their holistic development to make effective contribution to the society.

OBJECTIVES

- To provide opportunities for Higher Education to the young knowledge seekers.
- To prepare the students optimise the various social resources for sustainable growth and development.
- To sensitise the students about the social needs and problems.
- To provide guidance and support for the all-round development of personality of the students.
- To help the students accomplish their career opportunities.

MANAGEMENT

St. Philomena College is managed by the Catholic Board of Education (CBE) of the Diocese of Mangalore which is registered under the Societies Registration Act of 1860. Started in 1932, the CBE has under its care 10 Degree Colleges, 16 Pre-University Colleges, 60 High Schools, 167 Higher Primary Schools, 120 Pre-Primary Schools, 1 Technical Institute and 1 Nursery Teachers Training School. His Excellency Most Rev. Dr. Aloysius Paul D'Souza, Bishop of Mangalore Diocese is the President of the CBE.

POINTS TO REMEMBER

- 1 That University education is a rare privilege and it demands hard work, dedication and sincerity.
- 2 As a College student, you have a duty to maintain a high standard of conduct and behavior.
- 3 Be courteous and considerate to others and follow all the rules and regulations of the College.
- 4 Make good use of all the facilities provided by the College in the Library, Reading Room, Laboratories, Computer Center and on the Play ground.
- 5 Participate actively in all the programs of Clubs / Associations.
- 6 That Regular attendance is essential. Do not be absent for the class any day except for valid reasons. 75% attendance is compulsory.
- 7 Keep in touch with the day-to-day activities of the College. Look up the Notice Board every day.
- 8 Consult your teachers in case of difficulties or problems.
- 9 That it is your College. Treat College property with care.
- 10 Maintain peace and harmony in the College and Society.

TEACHING STAFF

Prof. Leo Noronha, M.A, Principal

Rev. Dr. Antony Prakash Monteiro, M.Sc, Ph.D
Chairman for P.G. Studies

DEPARTMENT OF SOCIAL WORK

Mr. Prasanna Kumar C., M.S.W., NET	Co-ordinator
Mrs. Srimani, M.S.W.	Asst. Professor
Ms. Krithi M.K., M.S.W.	Asst. Professor
Mrs. Prathibha K., M.S.W.	Asst. Professor

DEPARTMENT OF COMMERCE

Dr. Harbert Nazareth, M.Com, Ph.D	Associate Professor
Dr. Govinda Bhat, M.Com, Ph.D	Visiting Professor
Mrs. Divyashree B., M.Com	Co-ordinator
Fr. Rithesh Rodrigues, M.Com	Asst. Professor
Ms. Priyanka Adline D'Souza, M.Com, K-SET	Asst. Professor
Ms. Nishal Pramila Serrao, M.Com, PGDHRM	Asst. Professor
Mr. Yashavantha G Nayak, M.Com	Asst. Professor

DEPARTMENT OF PHYSICS

Rev.Dr. Antony Prakash Monteiro, M.Sc, Ph.D	Chairman
Dr. Emmanuel Deepak D'Silva, M.Sc, Ph.D	Co-ordinator
Mr. Praveen Prakash D'Souza, M.Sc., (Ph.D Registered)	Asst. Professor
Mr. Vipin Naik N. S., M.Sc., K-SET	Asst. Professor
Mr. Supreeth B. S., M.Sc.	Asst. Professor
Mrs. Shridevi H., M.Sc.	Asst. Professor
Ms. Shwetha Rai K., M.Sc.	Asst. Professor

DEPARTMENT OF MATHEMATICS

Mr. Ganesh Bhat, M.Sc., M.Phil	Co-ordinator
Dr. Shridhar K., M.Sc., Ph.D	Visiting Professor
Mrs. Vaishnavi C, M.Sc., K-SET	Asst. Professor

Mr. Prasad H. M., M.Sc., K-SET, NET, (Ph.D Registered)	Asst. Professor
Ms. Namratha Jayaram Shenoy, M.Sc.	Asst. Professor
Ms. Anusha L., M.Sc.	Asst. Professor
Ms. Chethana R. V., M.Sc.	Asst. Professor

DEPARTMENT OF COMPUTER SCIENCE

Mr. Govinda Prakash, M.Sc, M.Tech.	Co-ordinator
Dr. Antony P.J., B.E., M.Tech., Ph.D	Visiting Professor
Mr. Sooryanarayana Bhat B., M.Sc.	Asst. Professor
Ms. Akshatha B., M.Sc.	Asst. Professor
Ms. Ramya S., M.Sc.	Asst. Professor

DEPARTMENT OF ECONOMICS

Mr. Dinakar Rao, M.A	Co-Ordinator
Dr. Prabhakara Shishila, M.A, Ph.D	Visiting Professor
Dr. B.C. Manjula, M.A, M.Phil, Ph.D	Visiting Professor
Mrs. Sandhya H., M.A	Asst. Professor
Mr. Pradeepa K. S., M.A, K-SET, (Ph.D Registered)	Asst. Professor
Ms. Mahitha Kumari M., M.A, K-SET	Asst. Professor

DEPARTMENT OF HINDI

Dr. Dimple Jenifer Fernandis, M.A, Ph.D	Co-Ordinator
Ms. Maria Priyadharshini, M.A	Asst. Professor

LIBRARY

Mr. Manohara S. G., M.L.I.Sc.	Librarian
Ms. Noothana Kumari M., M.L.I.Sc.	Librarian

ADMINISTRATIVE STAFF

Mr. Sudeep Clitus Vas, M.Com	SDA
Mrs. Jane Candida Mathew, M.A.	SDA

SUPPORT STAFF

Mr. Raj Kishore Rodrigues
Mrs. Nathalia
Mrs. Neelamma

COMMITTEES FOR THE ACADEMIC YEAR 2016-17

1.	Staff Secretary	Mr. Pradeepa K S
2.	Examination	Mr. Prasanna Kumar C (Convener) Dr. Emmanuel Deepak D'Silva Ms. Krithi M K

GRADUATE ATTRIBUTES :

Knowledge is power, a tool for entitlement. Making students knowledgeable and skilled is the function of modern education. A skilled hand and a cultivated mind will help a student tread on a new territory, transcend the existing boundaries, fix new fences, start from one point and go anywhere, and be global. In this context graduate attributes come to the fore.

Graduate attributes are the qualities, skills and comprehension that students should develop as a result of their learning. These qualities distinguish them from individuals who have not studied at the degree level. Graduates offer added value to employer and society.

St Philomena's graduate attributes are a wide ranging set of qualities that students will develop towards graduation during their student term. Our graduates will demonstrate the following attributes

Attributes	Indicators
1. Deep domain knowledge - The ability to present information in a highly coherent manner across different contexts	<ul style="list-style-type: none">• In-depth and extensive knowledge, understanding and skills in their chosen discipline(s).• A breadth of knowledge, understanding and skills beyond their chosen discipline(s).• Participation in the creation of new knowledge and understanding through research and inquiry.• Contextual understanding of past and present knowledge and ideas.• Intellectual curiosity and a willingness to question accepted wisdom and to be open to new ideas.
2. Creative and Critical Thinking - The ability to	<ul style="list-style-type: none">• Utilization of analytical thinking skills in different contexts.• Employing problem solving skills to resolve issues.

<p>analyze, assess, and utilize different thinking skills to determine the value of information and ideas</p>	<ul style="list-style-type: none"> • Creative thinking to generate new ideas. • Use of critical thinking skills to formulate alternative approaches to learning. • Identification of problem, collection of evidence, synthesis and analysis.
<p>3. Effective communication skills - The ability to present information in a coherent manner across different contexts</p>	<ul style="list-style-type: none"> • Proficient speaking and writing. • Effective communicate for different purposes and in different contexts. • Attentive exchange, informed argument and reasoning. • Working independently and as part of a team. • Transferable and generic skills. • use of various information technology skills.
<p>4. Interpersonal Skills - The ability to work effectively and productively as a member of a group</p>	<ul style="list-style-type: none"> • Interaction and collaboration with others. • Commitment and focus on group task. • Integrity and passion for individual and group work. • Acknowledging and appraising the contribution of others.
<p>5. Ethical and Civic Responsibility - The ability to function as</p>	<ul style="list-style-type: none"> • Awareness and appreciation of ethical and moral issues. • Understanding of social and civic responsibilities, and of the rights of individuals and groups.

responsible individual with ethical values who is accountable to the local, national, and international community.

- Accepting common responsibility to preserve the environment and its surroundings.

6. Learning and personal development
- The attitude of having a high regard for and commitment to learning and personality development

- Openness to, life-long learning through directed and self-directed study.
- Awareness of personal strengths and weaknesses.
- Capacity for self reflection, self discovery and personal development.
- Actively seeking new learning opportunities.

The ability to function in an international context with a deep appreciation for diversity.

- Greater appreciation for cultural and racial diversity.
- Effective communication in cross-cultural contexts.
- Thinking across national and international borders.
- Functioning in a global environment.
- becoming more knowledgeable about international current issues.

LEARNING OUTCOMES

a. Institutional

On completion of Degree programmes, the students of St Philomena College will be able to:

- Demonstrate insight into issues in learning and teaching both in their own studies and when working with other learners.
- Possess general study skills, including the ability to learn independently using a variety of media.
- Demonstrate expertise and integration of ideas, methods, theory and practice in a specialized discipline of study.
- Demonstrate knowledge of diverse cultures, including global and historical perspectives.
- Communicate effectively using listening, speaking, reading and writing skills.
- Solve problems using critical and creative thinking and scientific reasoning.
- Carry out advanced tasks and projects independently or in collaboration.
- Critically and independently assess and evaluate research methods and results.
- Prove the research experience with in a specified field.
- Use technologies effectively.
- Create strategies that can be used to fulfill personal, civic , and social responsibilities.
- Describe how natural systems function and recognize the impact of humans on the environment.

- Have good time-management and organisational skills.
- Work collaboratively as members and leaders of diverse teams and communities.
- Demonstrate skills for life-long learning.
- Find gainful employment in industry or government.

b. Programme-wise

MSW

Objectives :

- To obtain knowledge from the humanities and social sciences that informs social work.
- To become aware of how society has developed and is organized.
- To increase students' knowledge and understanding of social welfare in the Indian and global context.
- To expand students' understanding of the historical development of social work and of social work practice.
- To introduce students to the social inequality and oppression.
- To gain an understanding of the socioeconomic, political, psychological, and cultural forces that impinges upon people's lives.
- To prepare students for professional social work practice.
- To enhance students' development, intellectual inquisitiveness, creative problem-solving skills, reflective practices, and use of a range of research methods.
- To facilitate students' development of purposeful use of skills within a wide range of social work roles and methods of intervention necessary for the elimination of social inequality and obstacles to social functioning.
- To strengthen students' understanding of, and commitment to, social work purposes, values, ideals, beliefs, and identity; particularly to understand it from an anti-oppressive framework.
- To communicate effectively and to understand inter-disciplinary expressions.
- To train with practical approach using modern technology.

Learning Outcomes :**Students on completion of MSW programme will be able to :**

- Understand the value base of the profession, its ethical standards, principles, and practice
- Understand the forms and mechanisms of oppression and discrimination and apply strategies of social change for social and economic justice
- Use theoretical frameworks supported by empirical evidence to understand individual development and behavior across the life span and the interactions among individuals and between individuals, families, groups, organizations, and communities.
- Apply the knowledge and skills of generalist social work practice with systems.
- Apply critical thinking skills within the context of professional social work practice.
- Analyze, formulate, and influence social policies
- Evaluate research studies, apply research findings to practice, and evaluate their own practice interventions
- Use communication skills differentially across client populations, colleagues, and communities
- Use supervision and consultation appropriate to social work practice
- Function within the structure of organizations and service delivery systems and seek necessary organizational change
- Use opportunities for continuing professional education to enhance their professional development
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment in NGOs, government and industry.

M.Com**Objectives :**

- To provide the students with adequate knowledge of business

environment, accounting methods, financial education and market structure.

- To help understand methods and processes of commerce with a global perspective.
- To develop skills aimed at the pursuit of knowledge of commercial sciences
- To equip the students with knowledge, skills and attitude to become more suitable for the present and emerging employment market.
- To train them in the application of knowledge in business and industrial enterprises
- To impart intensive knowledge and training required for research and for professional application.
- To enable them to acquire practical knowledge of commerce so as to promote self and industry employment
- To train with practical approach using modern technology in the field of commerce and business.

Learning Outcomes:

The successful student of M.Com has reliably demonstrated the ability to:

- Acquire strong subject-matter expertise in finance, financial instruments and markets
- Identify, analyze and solve business problems
- Analyse commerce / business issues in the international context
- Apply basic mathematical and statistical skills necessary for analysis of a range of problems in accounting, marketing, management and finance
- Use critical reasoning to evaluate information
- Make use of quantitative skills necessary for analysis and critical reasoning
- Express ideas clearly and logically in oral and written formats
- Master a body of knowledge in one area of specialization within the discipline of Commerce
- Communicate effectively and to understand inter-disciplinary expressions

- Use opportunities for continuing professional education to enhance their professional development
- Demonstrate skills for life-long learning
- Develop advanced theoretical knowledge and research capabilities in the preparation for academic and research focused careers
- Understand and use information technology tools, techniques and resources
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.

M.Sc. - Physics

Objectives

- To impart substantial knowledge in physics.
- To understand the historical development of physics, its possibilities and limitations, and understand the value of lifelong learning.
- To expose the students to advanced theoretical and/or experimental methods, including the use of numerical methods and simulations.
- To combine and use knowledge from across the disciplines.
- To expose the students to an international perspective on specialized areas in physics.
- To provide students the ability to hone the mathematical skills necessary to approach problems in advanced physics courses.
- To train in analyzing and solving advanced problems in physics.
- To expose to new problem areas that require an analytic and innovative approach.
- To train the students carry out advanced tasks and projects, both independently and in collaboration.
- To help the students acquire research experience within a

specific field of physics.

- To assess critically and independently research methods and results.

Learning Outcomes :

The successful student of M.Sc. – Physics will have the ability to :

- Demonstrate substantial knowledge in physics, basic knowledge in mathematics and knowledge in supported fields like computer science.
- Show advanced knowledge in some areas in physics.
- Apply advanced theoretical and/or experimental methods, including the use of numerical methods and simulations.
- Combine and use knowledge from several disciplines.
- Disseminate subject matter and results to both specialists and a broader audience.
- Know the historical development of physics, its possibilities and limitations, and understand the value of lifelong learning.
- Understand the role of physics in society and has the background to consider ethical problems.
- Gather, assess, and make use of new information.
- Acquire an international perspective on specialized areas in physics.
- Communicate effectively and to understand inter-disciplinary expressions
- Develop and renew scientific competence independently
- Enter new problem areas that require an analytic and innovative approach.
- Successfully carry out advanced tasks and projects, both independently and in collaboration with others, and also across disciplines.
- Demonstrate background and experience required to model, analyse, and solve advanced problems in physics.
- Impart intensive knowledge and training required for research and for professional application.
- Prove research experience within a specific field of physics, through a supervised project.

- Critically and independently assess and evaluate research methods and results.
- Use opportunities for continuing professional education to enhance professional development
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.Sc. – Computer Science

Objectives

- To provide a sound academic base in Computer Science
- To make students acquainted with computer systems and software
- To expose the students to computer programming languages
- To familiarize different computer application tools & platforms
- To prepare the students for IT profession.
- To enhance students' development, intellectual inquisitiveness, creative problem-solving skills, reflective practices, and use of a range of research methods.

Learning Outcomes:

The successful student of M.Sc. – Comp. Sc. has reliably demonstrated the ability to :

- Operate computer systems of different types independently.
- Use different computer applications independently.
- Implement business logic into algorithms and algorithms into code.
- Write computer programs using programming languages and development environments.
- Analyze requirements for the development of a software product.
- Manage data using database management tools
- Organize files and backup / recover data using utilities.

- Troubleshoot and manage computer hardware and software resources.
- Use supervision and consultation appropriate to IT sector.
- Use opportunities for continuing professional education to enhance their professional development.
- Communicate effectively and to understand inter-disciplinary expressions
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.
- Use opportunities for continuing professional education to enhance professional development.
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.Sc. – Mathematics

Objectives

- To understand the evolution of modern mathematics.
- To impart advanced knowledge in mathematics.
- To expose to new problem areas that require an analytic and innovative approach.
- To train in analyzing and solving advanced problems in mathematics.
- To expose the students to an international perspective on specialized areas in mathematics.
- To help the students acquire research experience within a specific field of mathematics.
- To train the students carry out advanced tasks and projects, both independently and in collaboration.

- To assess critically and independently research methods and results.

Learning Outcomes:

The successful student of M.Sc. – Mathematics will have the ability to :

- Demonstrate substantial knowledge in mathematics and knowledge in supported fields like computer science.
- Know the historical development of mathematics, its application, and understand the value of lifelong learning.
- Gather, assess, and make use of new information.
- Acquire an international perspective on specialized areas in mathematics.
- Show advanced knowledge in specialized areas in mathematics.
- Demonstrate background and experience required to model, analyse, and solve advanced problems in mathematics.
- Understand the role of mathematics in society encompassing diverse fields
- Enter new problem areas that require an analytic and innovative approach.
- Disseminate subject matter and results to both specialists and a broader audience.
- Successfully carry out advanced tasks and projects, both independently and in collaboration with others.
- Impart intensive knowledge and training required for research and for professional application
- Prove research experience within a specific field of mathematics, through a supervised project.
- Critically and independently assess and evaluate research methods and results.
- Communicate effectively and to understand inter-disciplinary expressions
- Use opportunities for continuing professional education to enhance professional development
- Communicate effectively by presenting complex information

in a clear and concise manner orally, on paper and using ICT.

- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.A. – Economics

Objectives

- To use the micro model of market demand and supply to predict changes in price and output.
- To use macroeconomic models to explain the changes in output, employment, inflation, and growth.
- To describe the function of key economic institutions.
- To demonstrate mastery of an applied field of knowledge within the discipline of economics.
- To formulate researchable economics questions in an independent manner and to analyze information through the application of social science research methodologies.
- To develop research projects and contribute to research activities of a team.
- To disseminate results in a clear and coherent manner to other researchers, employers, coworkers, and to the general public.

Learning Outcomes:

The successful student of M.A. – Economics will demonstrate the ability to :

- Understand fundamental economic principles and be able to apply these ideas to analyze public policies, business practices, and real-world events.
- Understand at an advanced level about the complex economics mechanism that characterize modern society.
- Analyse how markets for goods and services function and how income is generated and distributed.
- Analyze a problem and draw correct inferences using qualitative and/or quantitative analysis.

- Use microeconomic tools and concepts to address public policy issues such as competition, environmental protection, financial regulation, innovation and intellectual property, labor law, or taxation.
- Give insight into energy economics, competition policy, industrial economics, financial markets, environmental and resource economics, development economics and international trade and globalization
- Use of econometric- and mathematical methods
- Apply mathematical methods, through modeling and large-scale data analysis.
- Identify compile, interpret, and analyze quantitative economic data by expressing relationships between concepts through graphs, statistical or econometric analysis.
- Understand basic econometric modeling techniques.
- Develop and estimate economic models, test economic hypothesis, and perform basic forecasting tasks.
- Undertake applied work and research projects in economics
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.

UNIVERSITY GUIDELINES

The Salient Features of the Choice Based Credit System (CBCS) (Semester Scheme) :

Each course in a programme shall carry certain number of credits, which normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc. In the proposed programmes, the credits shall be based on the number of instructional hours per week, generally 1 credit is equivalent to one hour of instruction in theory, or 1 or 2 hours of tutorial, or one and a half or two hours of practical/field work/project work/internship per week.

COURSE PATTERN

1. Each postgraduate programme will comprise "core" and "elective" courses. The "Core course" will further consist of "hard" and "soft" core courses. Hard core courses can have 4/5 credits. Soft core courses can have 3/4 credits. Open Electives have 3 credits each. Total credit of the programme is between 84 to 92.
2. Out of the total of 84 to 92 credits of the programme, the hard core will make up 50-70% of the total credits, soft core 30-45% while the open electives will have a fixed 6 credits (3 credits x 2 courses). A student have to take minimum of 18 credits and maximum of 26 credits in any semester.
3. A credit is a unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to (i) one hour of teaching per week, (ii) two or one hour per week of tutorial, and (iii) two hours or one and half hours of practical work/field work per week. (iv) Open electives may have 3 to 4 hours of instruction for 3 credits.

4. A student can take the courses offered by a department in any semester, provided they are offered by the department in that particular semester and with the permission from the University well in advance. However, certain courses have one or more courses as prerequisites as prescribed by the Board of Studies and such courses can be taken only after studying those prerequisite courses. Project work is taken up in the third and/or fourth semester and open electives are taken in 2nd and 3rd semesters.

5. The performance of a student in a course is graded and the "grade" is an index of the performance of that student. The overall performance of a student over the whole programme is expressed as CGPA (Cumulative Grade Point Average).

6. The CGPA of a programme shall be declared on the basis of the total credits that a student secures in hard and soft core courses and the credits of the open electives shall not be considered in declaring the CGPA. However, a student has to compulsorily take one open elective each in the second and the third semesters (two open elective courses in all) and secure a minimum of 6 credits in the open elective courses to qualify to pass the programme.

7. The grade card is not a statement of Marks. However, the printed CGPA card issued by the university shall declare a formula to convert the CGPA to an overall percentage.

8. Boards of Studies shall exercise care in framing open elective courses and see that these courses are not general introduction to an area of study. The open electives offered by the departments will maintain the level and standards of other postgraduate courses offered by them. Care must also be exercised to see that open elective courses will not repeat undergraduate syllabi.

9. If a student so wishes, he/she may take extra courses. However, the credits so earned in excess shall not be considered in the declaration of the CGPA.

10. A student can earn a maximum of 15 credits in soft core by doing courses in a department other than the one to which he is admitted, provided that such courses are relevant to his discipline and provided, further, that the Councils of the departments concerned approve it.

11. Two or more open electives may be offered in the second and third semesters by every department.

12. In the case of subjects with practical there shall be minimum of 16 credits of practical in the programme.

DURATION :

The duration of Master Degree Programmes shall extend over 4 semesters each of a minimum of 16 weeks (90 actual working days) of instruction and 2 to 4 weeks for preparation and examination.

MAXIMUM PERIOD FOR COMPLETION OF THE PROGRAMME:

The candidate shall complete the Master Degree programme within five years from the date of admission to the programme or within the period as prescribed in the regulations governing maximum period for completing various degree/diploma programmes of Mangalore University.

HOURS OF INSTRUCTION PER WEEK :

There shall be a minimum of 24 hours of instructions per week in subjects without practicals/field work and a minimum of 28 hours of instructions per week in subjects with practicals/field work. These hours may be distributed for lectures, seminars, tutorials, practicals, project work and other modes of instruction which individual courses may require.

ATTENDANCE :

Each course (theory, practical etc.) shall be treated as an independent unit for the purpose of attendance. A student shall attend a minimum of 75% of the total instruction hours in a course including tutorials and seminars in each semester. There shall be no provision for condonation of shortage of attendance and a student who fails to secure 75% attendance in a course shall be required to repeat that semester.

THE SCHEME OF EXAMINATION :

There shall be examinations at the end of each semester ordinarily during November/ December for odd semesters and during May/June for even semesters. Each course shall be evaluated with 30% of marks shall be for continuous internal assessment and 70% of the marks for the end-semester examinations

INTERNAL ASSESSMENT :

Marks for internal assessment shall be awarded on the basis of seminars, field work, tests, assignments etc. as determined by the Board of Studies in the respective subject. The internal assessment marks shall be notified on the department / college notice board for information of the students and it shall be communicated to the Registrar (Evaluation) before the commencement of the University examinations, and the Registrar (Evaluation) shall have access to the records of such internal assessment evaluations.

COMPUTATION OF GRADE POINT AVERAGE (GPA):

The grade points (GP) in a course shall be assigned on the basis of actual marks scored (end Semester examination and I.A.) in that course as per the table given below they have secured a minimum of 35% marks in the end Semester examination. The candidate securing less than 35% marks in the end Semester examination in any unit/ theory/ practicals/ project work/ dissertation/ internship/ seminar shall be declared to have failed in that unit/ theory/ practicals.

Table 1: Grades and Grade Points

Grade	* Limits	Grade Point
OO+	95 - 100	10
OO	90 - 94	9.5
OA+	85 - 89	9
OA	80 - 84	8.5
AA+	75 - 79	8
AA	70 - 74	7.5
AB+	65 - 69	7
AB	60 - 64	6.5
BB+	55 - 59	6
BB	50 - 54	5.5
BC	45 - 49	5
CC	40 - 44	4.5
PP	35 - 39	4
FF	0 - 34	0

* Limits are considered after converting the marks out of 100 in that course

MINIMUM FOR A PASS:

1. A candidate shall be declared to have passed the PG program if he/she secures at least a CGPA of 4.0 (Course Alpha-Sign Grade C) in the aggregate of both internal assessment and semester end examination marks.
2. The candidates who pass all the semester examinations in the first attempts in two years are eligible for ranks provided they secure at least a CGPA of 6.0 (at least Alpha-Sign Grade A).

3. The results of the candidates who have passed the fourth semester examination but not passed the lower semester examinations shall be declared as NCL (Not Completed Lower semester examinations). Such candidates shall be eligible for the degree only after completion of all the lower semester examinations.

4. A candidate who passes the semester examinations in parts is eligible for only CGPA and Alpha-Sign Grade but not for ranking.

5. There shall be no minimum in respect of internal assessment and viva-voce marks.

6. A Candidate who fails in any of the unit/project work/Project Report/ dissertation shall reappear in that unit/project work/Project Report/ dissertation and pass the examination subsequently.

CARRY OVER PROVISION:

Candidates who fail in a lower semester examinations may go to the higher semesters and take the examinations.

COURSES OFFERED

In addition to six Under-Graduate programmes, the College offers the following Post-Graduate Programmes for the academic year 2016-17.

- Master of Social Work (M.S.W.)
- Master of Commerce (M.Com.)
- M.Sc. (Physics)
- M.Sc. (Mathematics)
- M.Sc. (Computer Science)
- M.A. (Economics)
- M.A. (Hindi)

The details of the courses are outlined below.

MASTER OF SOCIAL WORK (MSW)

I SEMESTER	
1 Hard Core	SWH401 Social Work Profession – History and Ideologies
2 Hard Core	SWH402 Working with Individuals and Families
3 Hard Core	SWH403 Working with Groups
4 Soft Core	SWS404 Dynamics of Human Behaviour OR SWS405 Personal and Professional Development for Social Work Practice
5 Hard Core	SWH406 Social Work Practicum I (Orientation Visits and Concurrent Fieldwork)

II SEMESTER	
1 Hard Core	SWH451 Social Policy and Welfare Administration
2 Hard Core	SWH452 Community Organization and Social Action
3 Hard Core	SWH453 Social Work Research and Statistics
4 Soft Core	SWS454 Industrial Psychology OR SWS455 Social Work with families
5 Open Elective	SWE456 Contemporary Social Work Perspectives and Concerns OR SWE457 Development of Communication Skills
6 Hard Core	SWH458 Social Work Practicum II (Concurrent Fieldwork and Social Work Camp)

III SEMESTER	
1	SWS501 Contemporary Social Issues & Concerns (Choice Based Paper)
2	SWS502 Communication skills for Social Workers
Specializations I: Community Development (CD)	
3	SWS503 Rural & Tribal Development
4	SWS507 Education for Development
Specializations II: Medical & Psychiatric Social Work (MPSW)	
5	SWS504 Medical Social Work
6	SWS508 Working with Children & Adolescents
Specializations III:	
Personnel Management & Industrial Relations (PM & IR)	
7	SWS505 Personnel Mgt. & Human Resource Development
8	SWS509 Management Concepts
9	SWS511 Social Work Practicum
10	SWS512 Seminar

IV SEMESTER	
1	SWS551 Project Planning & Management
Specializations I : Community Development (CD)	
2	SWS552 Urban Community Development
3	SWS556 Citizen Participation & Local Self Governance
Specializations II : Medical & Psychiatric Social Work (MPSW)	
4	SWS553 Therapeutic Counseling
5	SWS557 Psychiatric Social Work
Specializations III:	
Personnel Management & Industrial Relations (PM & IR)	
6	SWS554 Labour Legislations
7	SWS558 Labour Welfare & Industrial Relations
Electives	
8	SWS560 Research Project
9	SWS561 Disaster Management
10	SWS564 Social Work Practicum
11	SWS565 Seminar

MASTER OF COMMERCE (M.Com)

I SEMESTER		II SEMESTER	
1	Soft Core	CMS401	Management Theory and Practice
2	Soft Core	CMS402	Business Economics
3	Soft Core	CMS403	Innovation in Business
4	Hard Core	CMH404	Business Statistics
5	Hard Core	CMH405	Management Science
6	Hard Core	CMH406	Advanced Financial Accounting
III SEMESTER			
1	CM501	Personal Savings and Tax Planning (Choice Based Paper)	Open Elective
2	CM502	International Business Environment	CME451
3	CM503	Foreign Trade & Policy	CMS452
IV SEMESTER			
1	CM551	Financial Management	CMS453
2	CM552	Insurance Management	CMS454
3	CM553	Marketing Research	CMH455
4	CM554A	Capital Structure Management	CMH456
5	CM555A	Security Analysis And Portfolio Management II	CMH457
6	CM554B	Organizational Behavior	
7	CM555B	Labour Legislation	

7	Hard Core	CMH457	Advanced Cost Accounting
IV SEMESTER			
1	CM551	Financial Management	
2	CM552	Insurance Management	
3	CM553	Marketing Research	
Optional-1:			
Financial Management & Investment Science (FMAIS)			
4	CM554A	Capital Structure Management	
5	CM555A	Security Analysis And Portfolio Management II	
Optional-2:			
Human Resource Development and Management(HRDAM)			
6	CM554B	Organizational Behavior	
7	CM555B	Labour Legislation	

I SEMESTER			
1	Soft Core	CMS401	Management Theory and Practice
2	Soft Core	CMS402	Business Economics
3	Soft Core	CMS403	Innovation in Business
4	Hard Core	CMH404	Business Statistics
5	Hard Core	CMH405	Management Science
6	Hard Core	CMH406	Advanced Financial Accounting
III SEMESTER			
1	CM501	Personal Savings and Tax Planning (Choice Based Paper)	
2	CM502	International Business Environment	
3	CM503	Foreign Trade & Policy	
Optional I:			
Financial Management & Investment Science (FMAIS)			
4	CM504 A	Corporate Accounting	
5	CM505 A	Security Analysis and Portfolio Management I	
Optional-2 :			
Human Resource Development and Management(HRDAM)			
6	CM504 B	Human Resource Development	
7	CM505B	Strategic Human Resource Management	
8	CM506	Seminar	

M.Sc PHYSICS

I SEMESTER	
1 Hard Core	PHH401 Methods of Mathematical Physics - I
2 Hard Core	PHH402 Quantum Mechanics I
3 Hard Core	PHH403 Classical Mechanics
4 Hard Core	PHH404 Electrodynamics
5 Soft Core	PHP405 Physics Practicals I (General)
6 Soft Core	PHP406 Physics Practicals II (Electronics)

II SEMESTER	
1 Hard Core	PHH451 Mathematical Physics II
2 Hard Core	PHH452 Quantum Mechanics II
3 Hard Core	PHH453 Nuclear and Radiation Physics
4 Hard Core	PHH454 Condensed Matter Physics and Electronics
5 Open Elective	PHE455 Energy Studies
6 Soft Core	PHP456 Physics Practicals III (General)
7 Soft Core	PHP457 Physics Practicals IV (General)

III SEMESTER	
1	General Physics (Choice Based Paper)
2	Thermodynamics and Statistical Physics
Specialization 1: Electronics	
3	PHY 503 EL Electronics I
4	PHY 504 EL Electronics II
5	PHY 505 EL Electronics - Practicals I
6	PHY 506 EL Electronics - Practicals II
Specialization 2: Nuclear Physics	
7	PHY 503 NP Nuclear Physics I
8	PHY 504 NP Nuclear Physics II
9	PHY 505 NP Nuclear Physics – Practicals I
10	PHY 506 NP Nuclear Physics – Practicals II
11	Seminar/Mini Project

IV SEMESTER	
1	PHY 551 Atomic and Molecular Physics
2	PHY 552 Laser Physics, Vacuum Techniques, Cryogenics, Astrophysics & Relativity
Specialization 1: Electronics	
3	PHY 553 EL Electronics III
4	PHY 554 EL Electronics IV
5	PHY 555 EL Electronics - Practicals III
6	PHY 556 EL Electronics - Practicals IV
Specialization 2: Nuclear Physics	
7	PHY 553 NP Nuclear Physics III
8	PHY 554 NP Nuclear Physics IV
9	PHY 555 NP Nuclear Physics - Practicals III
10	PHY 556 NP Nuclear Physics – Practicals IV
11	Seminar/Mini Project

M.Sc MATHEMATICS

I SEMESTER		
1	Hard Core	MTH401 Algebra - I
2	Hard Core	MTH402 Linear Algebra - I
3	Hard Core	MTH403 Real Analysis - I
4	Soft Core	MTS404 Numerical Analysis
5	Soft Core	MTS405 Number Theory

II SEMESTER		
1	Open Elective	MTE451 Discrete Mathematics and Applications
2	Hard Core	MTH452 Algebra - II
3	Hard Core	MTH453 Real Analysis - II
4	Hard Core	MTH454 Topology
5	Soft Core	MTS455 Linear Algebra - II
6	Soft Core	MTS456 Ordinary Differential Equations

III SEMESTER		
1	MT 501	Differential Equations and Applications
2	MT 502	Commutative Algebra
3	MT 503	Ordinary Differential Equations
4	MT 504	Complex Analysis II
5	MT 505	(a) Multivariate Calculus and Geometry OR b) Advanced Topology
6	MT 506	Seminar

IV SEMESTER		
1	MT 551	Algebraic Number Theory
2	MT 552	Partial Differential Equations
3	MT 553	Measure and Integration
4	MT 554	Functional Analysis
5	MT 555	(a) Graph Theory OR (b) Lattice Theory

M.Sc COMPUTER SCIENCE

I SEMESTER			
1	Hard Core	CSH401	Foundations of Computer Science
2	Hard Core	CSH402	Algorithms
3	Hard Core	CSH403	Data Communications & Computer Networks
4	Hard Core	CSH404	Embedded Systems
5	Soft Core	CSS405	JAVA Technology
6	Soft Core	CSP406	Algorithms Lab
7	Soft Core	CSP407	Java Programming Lab

10	Soft Core	CSP460	Data Science Lab
11	Soft Core	CSP461	Machine Learning Lab
12	Soft Core	CSP462	DBMS Lab Natural
13	Soft Core	CSP463	Language Processing Lab
14	Soft Core	CSP464	Internet of Things Lab
15	Open	CSE465	Web Technologies
16	Elective	CSE466	Linux Environment Systems

II SEMESTER			
1	Hard Core	CSH451	Advanced Operating System
2	Hard Core	CSH452	Internet of Things
3	Hard Core	CSH453	Advanced Database Management Systems
4	Soft Core	CSS454	Data Science
5	Soft Core	CSS455	Mobile & Wireless Communications
6	Soft Core	CSS456	Machine Learning
7	Soft Core	CSS457	Natural Language Processing
8	Soft Core	CSS458	Object-Oriented Data Modeling Using UML
9	Soft Core	CSP459	Operating System Lab

III SEMESTER		
1	CS501	Fundamentals of Information Technology
2	CS502	Software Engineering
3	CS503	Analysis and Design of Algorithm
4	CS504	• NET Technology
5	CS505	Data Mining Techniques
6	CS506	• NET Programming Lab
7	CS507	Mini Project & Domain Knowledge Seminar

IV SEMESTER		
1	CS551	Project Work and Internal Assessment Either at Company/ University

M.A. ECONOMICS

I SEMESTER

1	Hard Core	EC401	Micro Economic Analysis I
2	Hard Core	EC402	Macro Economic Analysis I
3	Hard Core	EC403	Economics of Growth and Development I
4	Hard Core	EC404	Quantitative Methods in Economic Analysis
5	Soft Core (Electives)	EC405	A) Agricultural Economics B) Industrial Economics C) Population Studies

II SEMESTER

1	Hard Core	EC451	Micro Economic Analysis II
2	Hard Core	EC452	Macro Economic Analysis II

RULES & REGULATIONS

GENERAL:

- The college is open to all the students with requisite qualification for admission without distinction of caste or creed.
- **Class Hours:** 9-00 a.m. to 4-00 p.m., However, classes may commence earlier than 9.00am and go beyond 4.00pm, if the situation demands.
- Students who arrive late to the Class can enter only if permitted by the Authority. Those who depend on public conveyance should start early so as to reach the College in time.
- The Morning and the Afternoon sessions begin with an invocation.
- Attendance will be marked for each Hour allotted to a Subject. Students are required to put in not less than 75% Attendance in individual Subjects.
- Attendance is compulsory on the College re-opening day.
- Students should compulsorily appear for the Tests and Term Examinations.
- Students are required to participate in the National Day/Festival Programmes organized by the College.
- All the students are required to participate in the activities and functions conducted by various Associations / Clubs of the College.
- Students are advised to make use of the library facilities whenever they do not have classes.
- Students are advised not to bring large amount of cash or other valuable items to College. They have to take care of their belongings.

- No student shall leave the class without Lecturer's permission.
- Leave Applications countersigned by Parents / Guardian should be forwarded to the coordinator.
- If a student is absent due to sickness, Medical Certificate should be produced.
- Leave record which is appended to the Calendar should be signed by the Class Advisor.
- If a student cannot appear for the Internal Examinations / Class Tests on health grounds (no other reasons are entertained) the matter should be reported by his/her Parent/Guardian to the Principal in advance.
- Ragging in any form is strictly prohibited on the campus/ in hostel. Those who indulge in ragging or encourage it will be dismissed summarily from the college.

DISCIPLINE :

- Students are required to conduct themselves well. The College reserves the right to dismiss any student if his/her behavior tarnishes the image of the College.
- Students are not permitted to celebrate any religious festivals in the College Campus without the prior permission of the Principal.
- Loitering about the Campus should be avoided.
- **Use of Cell phones by the students on the Campus is banned. Cell Phones, if found with the students will be confiscated.**
- Students have to be polite when they deal with the members of the staff.

- Irregularity in attendance, insubordination, discourtesy to Staff Members, habitual inattention and late coming, neglect of work, obscenity in word or act will attract disciplinary actions such as fine, suspension and dismissal.
- **Students should not enter into an altercation with the Lecturers in the Class Room. Disobedience during the class hours will be seriously dealt with.**
- Willful damage caused to the College property will be recovered from the students.
- The College will not be responsible for the conduct of the students outside its premises. However, it will take note of the offence and action will be initiated according to the nature and magnitude of the offence.
- **Students should not raise funds, organize functions, convene meetings without the permission from the Principal.**
- Students are not supposed to play or listen to music using Cell Phones or any other electronic devices on the College Campus. The devices if used will be confiscated.
- **Use of tobacco, alcohol or any other intoxicants is banned in the premises.**

- Books, Magazines, Newspapers etc., not approved by the Principal are not allowed to be brought to the College.

- Those students who come to the College by Two Wheelers should have a valid Driving License. To avoid noise pollution and disturbance, the Vehicles should be fitted with Silencers. Students should park their vehicles only in the place allotted. Bringing Four Wheelers by the students is prohibited. The College does not provide parking slot for Four Wheelers of the students.
- Educational tours / Industry visit / Field visits are to be organized with the prior permission of the Principal. For all such programmes written permission of the parents is required.
- Attendance at Classes and Examinations, progress, as well as the conduct will be taken into consideration while recommending students for concessions, scholarships, jobs as well as for representing the College in extra curricular activities.
- After class hours no student is expected to remain on the Campus unless there is a program or sports / games practice.

COLLEGE LIBRARY

There is a departmental library for PG students exclusively. However, students can seek permission and do reference work at the main/central library of the College. The main library has a large volume of books and periodicals that needs to be referred for the PG Course.

The rules and regulations of the Library are formulated to ensure uniformity in meeting the demands of the readers. It is the genuine co-operation, sincere appreciation of the library services and adherence to the rules and regulations by readers that can really help the successful functioning of the library.

Library Rules and Regulations
