PRAYER

Eternal Wisdom, deign to send a ray
of your light to illumine our mind.

Grant us an intellect capable of
understanding,

a memory capable of retaining and
a speech capable of expressing.

Above all, grant us the strength to do

Your will now and always.

COLLEGE ANTHEM

We praise You and prostrate
Our Heavenly Teacher great
From darkness true to light
Lead us Lord day and night

We shall build human-kind
with selfless love and care
we shall build a new world
with service kind and rare

We shall help everyone
with sincere generous heart
we shall end oppression
with hope and commitment.

St Philomena College

Centre for PG Studies & Research

Philonagar, Darbe, Puttur - 574 202

THE INSTITUTION

St Philomena College was founded by Msgr Antony Patrao who felt that a College in this part of the state would save the people of the inconvenience of moving to distant places for higher education. He set out to realize his dream and the mission was accomplished in the year 1958 by establishing St Philomena College.

Since its inception, the College has been growing steadily. The quantitative growth has been supplemented by undiluted quality. The College has been imparting higher education to the youth drawn from far and wide. Students are enrolled without discrimination. Msgr Patrao tended the Institution with motherly care. His example was emulated by his successors. The College has earned a name by virtue of its disciplined functioning and its achievements in the academic field as well as in the field of sports and games. Based on its infrastructure, learning resources and achievements, the College has been re-accredited by NAAC at 'A' Grade.

VISION

To be a premier Institution for Higher Education, constantly in service to the society in the field of education and welfare.

MISSION

To educate and train the young knowledge seekers for their holistic development to make effective contribution to the society.

OBJECTIVES

- To provide opportunities for Higher Education to the young knowledge seekers.
- To prepare the students optimise the various social resources for sustainable growth and development.
- To sensitise the students about the social needs and problems.
- To provide guidance and support for the all-round development of personality of the students.
- To help the students accomplish their career opportunities.

MANAGEMENT

St. Philomena College is managed by the Catholic Board of Education (CBE) of the Diocese of Mangalore which is registered under the Societies Registration Act of 1860. Started in 1932, the CBE has under its care 10 Degree Colleges, 16 Pre-University Colleges, 60 High Schools, 167 Higher Primary Schools, 120 Pre-Primary Schools, 1 Technical Institute and 1 Nursery Teachers Training School. His Excellency Most Rev. Dr. Aloysius Paul D'Souza, Bishop of Mangalore Diocese is the President of the CBE.

Rev. Dr. Antony Prakash Monteiro, M.Sc, Ph.D
Chairman for P.G. Studies

DEPARTMENT OF SOCIAL WORK

Mr. Prasanna Kumar C., M.S.W., NET	Co-ordinator
Mrs. Srimani, M.S.W., NET	Asst. Professor
Ms. Krithi M.K., M.S.W., K-SET	Asst. Professor
Mrs. Prathibha K., M.S.W.	Asst. Professor
Mr. Sheethal Kumar K V, M.S.W.	Asst. Professor

DEPARTMENT OF COMMERCE

Dr. Harbert Nazareth, M.Com, Ph.D	Associate Professor
Mrs. Divyashree B., M.Com	Co-ordinator
Fr. Rithesh Rodrigues, M.Com	Asst. Professor
Mr. Yashavantha G Nayak, M.Com	Asst. Professor
Fr. Sunil George D'Souza, M.Com, MHRM, M.Phil, (Ph.D Registered)	Asst. Professor

DEPARTMENT OF PHYSICS

Rev. Dr. Antony Prakash Monteiro, M.Sc, Ph.D	Chairman
Dr. A P Radhakrishna, M.Sc, Ph.D	Associate Professor
Dr. Emmanuel Deepak D'Silva, M.Sc, Ph.D	Co-ordinator
Mr. Praveen Prakash D'Souza, M.Sc., (Ph.D Registered)	Asst. Professor
Mr. Vipin Naik N. S., M.Sc., K-SET, NET (Ph.D Registered)	Asst. Professor
Mr. Supreeth B. S., M.Sc.	Asst. Professor
Mrs. Shridevi H., M.Sc.	Asst. Professor
Ms. Shwetha Rai K., M.Sc.	Asst. Professor

DEPARTMENT OF MATHEMATICS

Mr. Ganesh Bhat, M.Sc., M.Phil	Co-ordinator
Dr. Shridhar K., M.Sc., Ph.D	Visiting Professor

Mrs. Vaishnavi C , M.Sc., K-SET	Asst. Professor
Mr. Prasad H. M. , M.Sc., K-SET, NET, (Ph.D Registered)	Asst. Professor
Ms. Namratha Jayaram Shenoy , M.Sc.	Asst. Professor
Ms. Anusha L. , M.Sc.	Asst. Professor
Ms. Chethana R. V. , M.Sc.	Asst. Professor

DEPARTMENT OF COMPUTER SCIENCE

Mr. Govinda Prakash , M.Sc, M.Tech.	Co-ordinator
Dr. Antony P.J. , B.E., M.Tech., Ph.D	Visiting Professor
Mr. Sooryanarayana Bhat B. , M.Sc.	Asst. Professor
Ms. Akshatha B. , M.Sc.	Asst. Professor
Ms. Ramya S. , M.Sc.	Asst. Professor

DEPARTMENT OF ECONOMICS

Mr. Dinakar Rao , M.A	Co-Ordinator
Dr. B.C. Manjula , M.A, M.Phil, Ph.D	Visiting Professor
Dr. Prabhakara Shishila , M.A, Ph.D	Visiting Professor
Mrs. Sandhya H. , M.A	Asst. Professor
Mr. Pradeepa K. S. , M.A, K-SET, (Ph.D Registered)	Asst. Professor
Ms. Mahitha Kumari M. , M.A, K-SET	Asst. Professor

DEPARTMENT OF HINDI

Dr. Dimple Jenifer Fernandis , M.A, Ph.D	Co-Ordinator
Mr. Gopalakrishna Dongre , M.A	Asst. Professor

LIBRARY

Mr. Manohara S. G. , M.L.I.Sc.	Librarian
Ms. Noothana Kumari M. , M.L.I.Sc.	Librarian

ADMINISTRATIVE STAFF

Mr. Sudeep Clitus Vas , M.Com	SDA
Mrs. Jane Candida Mathew , M.A.	SDA

SUPPORT STAFF

Mr. Raj Kishore Rodrigues
Mrs. Nathalia
Mrs. Neelamma

GRADUATE ATTRIBUTES

Knowledge is power, a tool for entitlement. Making students knowledgeable and skilled is the function of modern education. A skilled hand and a cultivated mind will help a student tread on a new territory, transcend the existing boundaries, fix new fences, start from one point and go anywhere, and be global. In this context graduate attributes come to the fore.

Graduate attributes are the qualities, skills and comprehension that students should develop as a result of their learning. These qualities distinguish them from individuals who have not studied at the degree level. Graduates offer added value to employer and society.

St Philomena's graduate attributes are a wide ranging set of qualities that students will develop towards graduation during their student term. Our graduates will demonstrate the following attributes

Attributes	Indicators
1. Deep domain knowledge - The ability to present information in a highly coherent manner across different contexts	<ul style="list-style-type: none">• In-depth and extensive knowledge, understanding and skills in their chosen discipline(s).• A breadth of knowledge, understanding and skills beyond their chosen discipline(s).• Participation in the creation of new knowledge and understanding through research and inquiry.• Contextual understanding of past and present knowledge and ideas.• Intellectual curiosity and a willingness to question accepted wisdom and to be open to new ideas.
2. Creative and Critical Thinking - The ability to	<ul style="list-style-type: none">• Utilization of analytical thinking skills in different contexts.• Employing problem solving skills to resolve issues.

<p>analyze, assess, and utilize different thinking skills to determine the value of information and ideas</p>	<ul style="list-style-type: none"> • Creative thinking to generate new ideas. • Use of critical thinking skills to formulate alternative approaches to learning. • Identification of problem, collection of evidence, synthesis and analysis.
<p>3. Effective communication skills - The ability to present information in a coherent manner across different contexts</p>	<ul style="list-style-type: none"> • Proficient speaking and writing. • Effective communicate for different purposes and in different contexts. • Attentive exchange, informed argument and reasoning. • Working independently and as part of a team. • Transferable and generic skills. • use of various information technology skills.
<p>4. Interpersonal Skills - The ability to work effectively and productively as a member of a group</p>	<ul style="list-style-type: none"> • Interaction and collaboration with others. • Commitment and focus on group task. • Integrity and passion for individual and group work. • Acknowledging and appraising the contribution of others.
<p>5. Ethical and Civic Responsibility - The ability to function as</p>	<ul style="list-style-type: none"> • Awareness and appreciation of ethical and moral issues. • Understanding of social and civic responsibilities, and of the rights of individuals and groups.

responsible individual with ethical values who is accountable to the local, national, and international community.

- Accepting common responsibility to preserve the environment and its surroundings.

6. Learning and personal development

- The attitude of having a high regard for and commitment to learning and personality development

- Openness to, life-long learning through directed and self-directed study.
- Awareness of personal strengths and weaknesses.
- Capacity for self reflection, self discovery and personal development.
- Actively seeking new learning opportunities.

The ability to function in an international context with a deep appreciation for diversity.

- Greater appreciation for cultural and racial diversity.
 - Effective communication in cross-cultural contexts.
 - Thinking across national and international borders.
 - Functioning in a global environment.
- becoming more knowledgeable about international current issues.

LEARNING OUTCOMES

a. Institutional

On completion of Degree programmes, the students of St Philomena College will be able to:

- Demonstrate insight into issues in learning and teaching both in their own studies and when working with other learners.
- Possess general study skills, including the ability to learn independently using a variety of media.
- Demonstrate expertise and integration of ideas, methods, theory and practice in a specialized discipline of study.
- Demonstrate knowledge of diverse cultures, including global and historical perspectives.
- Communicate effectively using listening, speaking, reading and writing skills.
- Solve problems using critical and creative thinking and scientific reasoning.
- Carry out advanced tasks and projects independently or in collaboration.
- Critically and independently assess and evaluate research methods and results.
- Prove the research experience with in a specified field.
- Use technologies effectively.
- Create strategies that can be used to fulfill personal, civic , and social responsibilities.
- Describe how natural systems function and recognize the impact of humans on the environment.

- Have good time-management and organisational skills.
- Work collaboratively as members and leaders of diverse teams and communities.
- Demonstrate skills for life-long learning.
- Find gainful employment in industry or government.

b. Programme-wise

MSW

Objectives :

- To obtain knowledge from the humanities and social sciences that informs social work.
- To become aware of how society has developed and is organized.
- To increase students' knowledge and understanding of social welfare in the Indian and global context.
- To expand students' understanding of the historical development of social work and of social work practice.
- To introduce students to the social inequality and oppression.
- To gain an understanding of the socioeconomic, political, psychological, and cultural forces that impinges upon people's lives.
- To prepare students for professional social work practice.
- To enhance students' development, intellectual inquisitiveness, creative problem-solving skills, reflective practices, and use of a range of research methods.
- To facilitate students' development of purposeful use of skills within a wide range of social work roles and methods of intervention necessary for the elimination of social inequality and obstacles to social functioning.
- To strengthen students' understanding of, and commitment to, social work purposes, values, ideals, beliefs, and identity; particularly to understand it from an anti-oppressive framework.
- To communicate effectively and to understand inter-disciplinary expressions.
- To train with practical approach using modern technology.

Learning Outcomes :**Students on completion of MSW programme will be able to :**

- Understand the value base of the profession, its ethical standards, principles, and practice
- Understand the forms and mechanisms of oppression and discrimination and apply strategies of social change for social and economic justice
- Use theoretical frameworks supported by empirical evidence to understand individual development and behavior across the life span and the interactions among individuals and between individuals, families, groups, organizations, and communities.
- Apply the knowledge and skills of generalist social work practice with systems.
- Apply critical thinking skills within the context of professional social work practice.
- Analyze, formulate, and influence social policies
- Evaluate research studies, apply research findings to practice, and evaluate their own practice interventions
- Use communication skills differentially across client populations, colleagues, and communities
- Use supervision and consultation appropriate to social work practice
- Function within the structure of organizations and service delivery systems and seek necessary organizational change
- Use opportunities for continuing professional education to enhance their professional development
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment in NGOs, government and industry.

M.Com**Objectives :**

- To provide the students with adequate knowledge of business

environment, accounting methods, financial education and market structure.

- To help understand methods and processes of commerce with a global perspective.
- To develop skills aimed at the pursuit of knowledge of commercial sciences
- To equip the students with knowledge, skills and attitude to become more suitable for the present and emerging employment market.
- To train them in the application of knowledge in business and industrial enterprises
- To impart intensive knowledge and training required for research and for professional application.
- To enable them to acquire practical knowledge of commerce so as to promote self and industry employment
- To train with practical approach using modern technology in the field of commerce and business.

Learning Outcomes:

The successful student of M.Com has reliably demonstrated the ability to:

- Acquire strong subject-matter expertise in finance, financial instruments and markets
- Identify, analyze and solve business problems
- Analyse commerce / business issues in the international context
- Apply basic mathematical and statistical skills necessary for analysis of a range of problems in accounting, marketing, management and finance
- Use critical reasoning to evaluate information
- Make use of quantitative skills necessary for analysis and critical reasoning
- Express ideas clearly and logically in oral and written formats
- Master a body of knowledge in one area of specialization within the discipline of Commerce
- Communicate effectively and to understand inter-disciplinary expressions

- Use opportunities for continuing professional education to enhance their professional development
- Demonstrate skills for life-long learning
- Develop advanced theoretical knowledge and research capabilities in the preparation for academic and research focused careers
- Understand and use information technology tools, techniques and resources
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.

M.Sc. - Physics

Objectives

- To impart substantial knowledge in physics.
- To understand the historical development of physics, its possibilities and limitations, and understand the value of lifelong learning.
- To expose the students to advanced theoretical and/or experimental methods, including the use of numerical methods and simulations.
- To combine and use knowledge from across the disciplines.
- To expose the students to an international perspective on specialized areas in physics.
- To provide students the ability to hone the mathematical skills necessary to approach problems in advanced physics courses.
- To train in analyzing and solving advanced problems in physics.
- To expose to new problem areas that require an analytic and innovative approach.
- To train the students carry out advanced tasks and projects, both independently and in collaboration.
- To help the students acquire research experience within a

specific field of physics.

- To assess critically and independently research methods and results.

Learning Outcomes :

The successful student of M.Sc. – Physics will have the ability to :

- Demonstrate substantial knowledge in physics, basic knowledge in mathematics and knowledge in supported fields like computer science.
- Show advanced knowledge in some areas in physics.
- Apply advanced theoretical and/or experimental methods, including the use of numerical methods and simulations.
- Combine and use knowledge from several disciplines.
- Disseminate subject matter and results to both specialists and a broader audience.
- Know the historical development of physics, its possibilities and limitations, and understand the value of lifelong learning.
- Understand the role of physics in society and has the background to consider ethical problems.
- Gather, assess, and make use of new information.
- Acquire an international perspective on specialized areas in physics.
- Communicate effectively and to understand inter-disciplinary expressions
- Develop and renew scientific competence independently
- Enter new problem areas that require an analytic and innovative approach.
- Successfully carry out advanced tasks and projects, both independently and in collaboration with others, and also across disciplines.
- Demonstrate background and experience required to model, analyse, and solve advanced problems in physics.
- Impart intensive knowledge and training required for research and for professional application.
- Prove research experience within a specific field of physics, through a supervised project.

- Critically and independently assess and evaluate research methods and results.
- Use opportunities for continuing professional education to enhance professional development
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.Sc. – Computer Science

Objectives

- To provide a sound academic base in Computer Science
- To make students acquainted with computer systems and software
- To expose the students to computer programming languages
- To familiarize different computer application tools & platforms
- To prepare the students for IT profession.
- To enhance students' development, intellectual inquisitiveness, creative problem-solving skills, reflective practices, and use of a range of research methods.

Learning Outcomes:

The successful student of M.Sc. – Comp. Sc. has reliably demonstrated the ability to :

- Operate computer systems of different types independently.
- Use different computer applications independently.
- Implement business logic into algorithms and algorithms into code.
- Write computer programs using programming languages and development environments.
- Analyze requirements for the development of a software product.
- Manage data using database management tools
- Organize files and backup / recover data using utilities.

- Troubleshoot and manage computer hardware and software resources.
- Use supervision and consultation appropriate to IT sector.
- Use opportunities for continuing professional education to enhance their professional development.
- Communicate effectively and to understand inter-disciplinary expressions
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.
- Use opportunities for continuing professional education to enhance professional development.
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.Sc. – Mathematics

Objectives

- To understand the evolution of modern mathematics.
- To impart advanced knowledge in mathematics.
- To expose to new problem areas that require an analytic and innovative approach.
- To train in analyzing and solving advanced problems in mathematics.
- To expose the students to an international perspective on specialized areas in mathematics.
- To help the students acquire research experience within a specific field of mathematics.
- To train the students carry out advanced tasks and projects, both independently and in collaboration.

- To assess critically and independently research methods and results.

Learning Outcomes:

The successful student of M.Sc. – Mathematics will have the ability to :

- Demonstrate substantial knowledge in mathematics and knowledge in supported fields like computer science.
- Know the historical development of mathematics, its application, and understand the value of lifelong learning.
- Gather, assess, and make use of new information.
- Acquire an international perspective on specialized areas in mathematics.
- Show advanced knowledge in specialized areas in mathematics.
- Demonstrate background and experience required to model, analyse, and solve advanced problems in mathematics.
- Understand the role of mathematics in society encompassing diverse fields
- Enter new problem areas that require an analytic and innovative approach.
- Disseminate subject matter and results to both specialists and a broader audience.
- Successfully carry out advanced tasks and projects, both independently and in collaboration with others.
- Impart intensive knowledge and training required for research and for professional application
- Prove research experience within a specific field of mathematics, through a supervised project.
- Critically and independently assess and evaluate research methods and results.
- Communicate effectively and to understand inter-disciplinary expressions
- Use opportunities for continuing professional education to enhance professional development
- Communicate effectively by presenting complex information

in a clear and concise manner orally, on paper and using ICT.

- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.A. – Economics

Objectives

- To use the micro model of market demand and supply to predict changes in price and output.
- To use macroeconomic models to explain the changes in output, employment, inflation, and growth.
- To describe the function of key economic institutions.
- To demonstrate mastery of an applied field of knowledge within the discipline of economics.
- To formulate researchable economics questions in an independent manner and to analyze information through the application of social science research methodologies.
- To develop research projects and contribute to research activities of a team.
- To disseminate results in a clear and coherent manner to other researchers, employers, coworkers, and to the general public.

Learning Outcomes:

The successful student of M.A. – Economics will demonstrate the ability to :

- Understand fundamental economic principles and be able to apply these ideas to analyze public policies, business practices, and real-world events.
- Understand at an advanced level about the complex economics mechanism that characterize modern society.
- Analyse how markets for goods and services function and how income is generated and distributed.
- Analyze a problem and draw correct inferences using qualitative and/or quantitative analysis.

- Use microeconomic tools and concepts to address public policy issues such as competition, environmental protection, financial regulation, innovation and intellectual property, labor law, or taxation.
- Give insight into energy economics, competition policy, industrial economics, financial markets, environmental and resource economics, development economics and international trade and globalization
- Use of econometric- and mathematical methods
- Apply mathematical methods, through modeling and large-scale data analysis.
- Identify compile, interpret, and analyze quantitative economic data by expressing relationships between concepts through graphs, statistical or econometric analysis.
- Understand basic econometric modeling techniques.
- Develop and estimate economic models, test economic hypothesis, and perform basic forecasting tasks.
- Undertake applied work and research projects in economics
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.

UNIVERSITY GUIDELINES

The Salient Features of the Choice Based Credit System (CBCS) (Semester Scheme) :

Each course in a programme shall carry certain number of credits, which normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc. In the proposed programmes, the credits shall be based on the number of instructional hours per week, generally 1 credit is equivalent to one hour of instruction in theory, or 1 or 2 hours of tutorial, or one and a half or two hours of practical/field work/project work/internship per week.

COURSE PATTERN

1. Each postgraduate programme will comprise "core" and "elective" courses. The "Core course" will further consist of "hard" and "soft" core courses. Hard core courses can have 4/5 credits. Soft core courses can have 3/4 credits. Open Electives have 3 credits each. Total credit of the programme is between 84 to 92.
2. Out of the total of 84 to 92 credits of the programme, the hard core will make up 50-70% of the total credits, soft core 30-45% while the open electives will have a fixed 6 credits (3 credits x 2 courses). A student have to take minimum of 18 credits and maximum of 26 credits in any semester.
3. A credit is a unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to (i) one hour of teaching per week, (ii) two or one hour per week of tutorial, and (iii) two hours or one and half hours of practical work/field work per week. (iv) Open electives may have 3 to 4 hours of instruction for 3 credits.

4. A student can take the courses offered by a department in any semester, provided they are offered by the department in that particular semester and with the permission from the University well in advance. However, certain courses have one or more courses as prerequisites as prescribed by the Board of Studies and such courses can be taken only after studying those prerequisite courses. Project work is taken up in the third and/or fourth semester and open electives are taken in 2nd and 3rd semesters.

5. The performance of a student in a course is graded and the "grade" is an index of the performance of that student. The overall performance of a student over the whole programme is expressed as CGPA (Cumulative Grade Point Average).

6. The CGPA of a programme shall be declared on the basis of the total credits that a student secures in hard and soft core courses and the credits of the open electives shall not be considered in declaring the CGPA. However, a student has to compulsorily take one open elective each in the second and the third semesters (two open elective courses in all) and secure a minimum of 6 credits in the open elective courses to qualify to pass the programme.

7. The grade card is not a statement of Marks. However, the printed CGPA card issued by the university shall declare a formula to convert the CGPA to an overall percentage.

8. Boards of Studies shall exercise care in framing open elective courses and see that these courses are not general introduction to an area of study. The open electives offered by the departments will maintain the level and standards of other postgraduate courses offered by them. Care must also be exercised to see that open elective courses will not repeat undergraduate syllabi.

9. If a student so wishes, he/she may take extra courses. However, the credits so earned in excess shall not be considered in the declaration of the CGPA.

10. A student can earn a maximum of 15 credits in soft core by doing courses in a department other than the one to which he is admitted, provided that such courses are relevant to his discipline and provided, further, that the Councils of the departments concerned approve it.

11. Two or more open electives may be offered in the second and third semesters by every department.

12. In the case of subjects with practical there shall be minimum of 16 credits of practical in the programme.

DURATION :

The duration of Master Degree Programmes shall extend over 4 semesters each of a minimum of 16 weeks (90 actual working days) of instruction and 2 to 4 weeks for preparation and examination.

MAXIMUM PERIOD FOR COMPLETION OF THE PROGRAMME:

The candidate shall complete the Master Degree programme within five years from the date of admission to the programme or within the period as prescribed in the regulations governing maximum period for completing various degree/diploma programmes of Mangalore University.

HOURS OF INSTRUCTION PER WEEK :

There shall be a minimum of 24 hours of instructions per week in subjects without practicals/field work and a minimum of 28 hours of instructions per week in subjects with practicals/field work. These hours may be distributed for lectures, seminars, tutorials, practicals, project work and other modes of instruction which individual courses may require.

ATTENDANCE:

Each course (theory, practical etc.) shall be treated as an independent unit for the purpose of attendance. A student shall attend a minimum of 75% of the total instruction hours in a course including tutorials and seminars in each semester. There shall be no provision for condonation of shortage of attendance and a student who fails to secure 75% attendance in a course shall be required to repeat that semester.

THE SCHEME OF EXAMINATION :

There shall be examinations at the end of each semester ordinarily during November/ December for odd semesters and during May/June for even semesters. Each course shall be evaluated with 30% of marks shall be for continuous internal assessment and 70% of the marks for the end-semester examinations

INTERNAL ASSESSMENT:

Marks for internal assessment shall be awarded on the basis of seminars, field work, tests, assignments etc. as determined by the Board of Studies in the respective subject. The internal assessment marks shall be notified on the department / college notice board for information of the students and it shall be communicated to the Registrar (Evaluation) before the commencement of the University examinations, and the Registrar (Evaluation) shall have access to the records of such internal assessment evaluations.

COMPUTATION OF GRADE POINT AVERAGE (GPA):

The grade points (GP) in a course shall be assigned on the basis of actual marks scored (end Semester examination and I.A.) in that course as per the table given below they have secured a minimum of 35% marks in the end Semester examination. The candidate securing less than 35% marks in the end Semester examination in any unit/ theory/ practicals/ project work/ dissertation/ internship/ seminar shall be declared to have failed in that unit/ theory/ practicals.

Table 1: Grades and Grade Points

Grade	* Limits	Grade Point
OO+	95 - 100	10
OO	90 - 94	9.5
OA+	85 - 89	9
OA	80 - 84	8.5
AA+	75 - 79	8
AA	70 - 74	7.5
AB+	65 - 69	7
AB	60 - 64	6.5
BB+	55 - 59	6
BB	50 - 54	5.5
BC	45 - 49	5
CC	40 - 44	4.5
PP	35 - 39	4
FF	0 - 34	0

* Limits are considered after converting the marks out of 100 in that course

MINIMUM FOR A PASS:

1. A candidate shall be declared to have passed the PG program if he/she secures at least a CGPA of 4.0 (Course Alpha-Sign Grade C) in the aggregate of both internal assessment and semester end examination marks.
2. The candidates who pass all the semester examinations in the first attempts in two years are eligible for ranks provided they secure at least a CGPA of 6.0 (at least Alpha-Sign Grade A).

3. The results of the candidates who have passed the fourth semester examination but not passed the lower semester examinations shall be declared as NCL (Not Completed Lower semester examinations). Such candidates shall be eligible for the degree only after completion of all the lower semester examinations.

4. A candidate who passes the semester examinations in parts is eligible for only CGPA and Alpha-Sign Grade but not for ranking.

5. There shall be no minimum in respect of internal assessment and viva-voce marks.

6. A Candidate who fails in any of the unit/project work/Project Report/ dissertation shall reappear in that unit/project work/Project Report/ dissertation and pass the examination subsequently.

CARRY OVER PROVISION:

Candidates who fail in a lower semester examinations may go to the higher semesters and take the examinations.

COURSES OFFERED

In addition to six Under-Graduate programmes, the College offers the following Post-Graduate Programmes for the academic year 2016-17.

- Master of Social Work (M.S.W.)
- Master of Commerce (M.Com.)
- M.Sc. (Physics)
- M.Sc. (Mathematics)
- M.Sc. (Computer Science)
- M.A. (Economics)
- M.A. (Hindi)

The details of the courses are outlined below.

MASTER OF SOCIAL WORK (MSW)

I SEMESTER	
1 Hard Core	SWH401 Social Work Profession – History and Ideologies
2 Hard Core	SWH402 Working with Individuals and Families
3 Hard Core	SWH403 Working with Groups
4 Soft Core	SWS404 Dynamics of Human Behaviour OR
	SWS405 Personal and Professional Development for Social Work Practice
5 Hard Core	SWH406 Social Work Practicum I (Orientation Visits and Concurrent Fieldwork)

II SEMESTER	
1 Hard Core	SWH451 Social Policy and Welfare Administration
2 Hard Core	SWH452 Community Organization and Social Action
3 Hard Core	SWH453 Social Work Research and Statistics
4 Soft Core	SWS454 Industrial Psychology OR
	SWS455 Social Work with families
5 Open Elective	SWE456 Contemporary Social Work Perspectives and Concerns OR
	SWE457 Development of Communication Skills and Professionalism
6 Hard Core	SWH458 Social Work Practicum II (Concurrent Fieldwork and Social Work Camp)

III SEMESTER	
1	Hardcore SWH501 Project Planning and Management
Specializations I: Community Development (CD)	
2	Softcore SWS502 Rural & Tribal Community Development SWS505 Management of Non-profit Organizations for Sustainable Development
Specializations II: Medical & Psychiatric Social Work (MPSW)	
3	Softcore SWS503 Medical Social Work SWS506 Perspectives of Psychiatric Social Work
Specializations III: Human Resource Management	
4	Softcore SWS504 Management Concepts and Practices SWS507 Human Resource Management and Development
5	Softcore SWS508 Correctional Social Work OR SWS509 Human Resource Training and Development
6	Open SWE510 Disaster Management OR SWE511 Understanding Marginalities
7	Hardcore SWH512 Social Work Practicum III (Concurrent Fieldwork and Study Tour)

IV SEMESTER		
1	Softcore SWSS51 SWSS52	Communication Skills for Social Work Practice OR Juvenile Justice System in India
Specializations I : Community Development (CD)		
2	Softcore SWSS53 SWSS56	Urban Community Development Citizen Participation & Local Self Governance
Specializations II : Medical & Psychiatric Social Work (MPSW)		
3	Softcore SWSS54 SWSS57	Social Medicine and Medical Social Work Therapeutic Counseling
Specializations III: Human Resource Management		
4	Softcore SWSS55 SWSS58	Labour Welfare & Industrial Relations Labour Legislation
5	Project Work SWP559	Research Project
6	Hardcore SWH560	Social Work Practicum IV (Concurrent Fieldwork and Block Placement)

MASTER OF COMMERCE (M.Com)

I SEMESTER	
1 Soft Core	CMS401 Management Theory and Practice
2 Soft Core	CMS402 Business Economics
3 Soft Core	CMS403 Innovation in Business
4 Hard Core	CMH404 Business Statistics
5 Hard Core	CMH405 Management Science
6 Hard Core	CMH406 Advanced Financial Accounting

II SEMESTER	
1 Open Elective	CME451 Personality Development
2 Soft Core	CMS452 Entrepreneurship Development
3 Soft Core	CMS453 Strategic Marketing Management
4 Soft Core	CMS454 Business, Industry and Commerce
5 Hard Core	CMH455 Business Research Methods
6 Hard Core	CMH456 International Business
7 Hard Core	CMH457 Advanced Cost Accounting

III SEMESTER		
1	Open Elective	Personal Savings and Investment Management
2	Hardcore	Foreign Trade & Policy
3	Hardcore	Business Ethics and CSR
4	Hardcore	E-Commerce
Optional Stream-I:		
Financial Management & Investment Science (FMAIS)		
5	Softcore	Corporate Accounting
6	Softcore	Capital Market Operations
Optional Stream-2 :		
Human Resource Development and Management (HRDAM)		
7	Softcore	Human Resource Development
8	Softcore	Strategic Human Resource Management

IV SEMESTER	
1	Softcore CMS551 Retail Management
2	Softcore CMS552 Dissertation
3	Hardcore CMH553 Risk and Insurance Management
4	Hardcore CMH554 International Financial Management
Optional Stream-1:	
Financial Management & Investment Science(FMAIS)	
5	Softcore CMS555 Financial Derivative Markets
6	Softcore CMS556 Portfolio Management
Optional Stream-2:	
Human Resource Development and Management(HRDAM)	
7	Softcore CMS557 Organizational Behavior
8	Softcore CMS558 Labour Legislation

M.Sc PHYSICS

I SEMESTER		
1	Hard Core	PHH401 Methods of Mathematical Physics - I
2	Hard Core	PHH402 Quantum Mechanics I
3	Hard Core	PHH403 Classical Mechanics
4	Hard Core	PHH404 Electrodynamics
5	Soft Core	PHP405 Physics Practicals I (General)
6	Soft Core	PHP406 Physics Practicals II (Electronics)

II SEMESTER		
1	Hard Core	PHH451 Mathematical Physics II
2	Hard Core	PHH452 Quantum Mechanics II
3	Hard Core	PHH453 Nuclear and Radiation Physics
4	Hard Core	PHH454 Condensed Matter Physics and Electronics
5	Open Elective	PHE455 Energy Studies
6	Soft Core	PHP456 Physics Practicals III (General)
7	Soft Core	PHP457 Physics Practicals IV (General)

III SEMESTER		
1	Hardcore	PHH 501 Atomic and Molecular Physics
2	Hardcore	PHH 502 Thermodynamics and Statistical Physics
3	Softcore	PHS 504 Electronics I
4	Softcore	PHS 505 Nuclear Physics I
5	Softcore	PHS 507 Electronics II
6	Softcore	PHS 508 Nuclear Physics II
7	Open Elective	PHE 509 Radiation Sources and Hazards
8	Softcore	PHP 511 Electronics - Practicals I
9	Softcore	PHP 512 Nuclear Physics – Practicals I
10	Softcore	PHP 514 Electronics - Practicals II
11	Softcore	PHP 515 Nuclear Physics – Practicals II

IV SEMESTER		
1	Hardcore	PHH 551 Lasers, Vacuum Techniques and Cryogenics
2	Hardcore	PHH 552 Astrophysics & Relativity
3	Softcore	PHS 554 Electronics III
4	Softcore	PHS 555 Nuclear Physics III
5	Softcore	PHS 557 Electronics IV
6	Softcore	PHS 558 Nuclear Physics IV
7	Hardcore	PHP 559 Project Work

M.Sc MATHEMATICS

I SEMESTER

1	Hard Core	MTH401	Algebra - I
2	Hard Core	MTH402	Linear Algebra - I
3	Hard Core	MTH403	Real Analysis - I
4	Soft Core	MTS404	Numerical Analysis
5	Soft Core	MTS405	Number Theory

II SEMESTER

1	Open Elective	MTE451	Discrete Mathematics and Applications
2	Hard Core	MTH452	Algebra - II
3	Hard Core	MTH453	Real Analysis - II
4	Hard Core	MTH454	Topology
5	Soft Core	MTS455	Linear Algebra - II
6	Soft Core	MTS456	Ordinary Differential Equations

III SEMESTER

1	Open Elective	MTE 501	Differential Equations and Applications
2	Hardcore	MTH 502	Complex Analysis I
3	Hardcore	MTH 503	Measure and Integration
4	Hardcore	MTH 504	Multivariate Calculus and Geometry
5	Softcore	MTS 505	Advanced Numerical Analysis
6	Softcore	MTS 506	Commutative Algebra
7	Softcore	MTS 507	Graph Theory
8	Softcore	MTS 508	Lattice Theory
9	Softcore	MTS 509	Fluid Mechanics
10	Softcore	MTS 510	Theory of Partitions

IV SEMESTER

1	Project	MTP 551	Project Work
2	Hardcore	MTH 552	Complex Analysis - II
3	Hardcore	MTH 553	Functional Analysis
4	Softcore	MTS 554	Partial Differential Equations
5	Softcore	MTS 555	Advanced Topology
6	Softcore	MTS 556	Advanced Discrete Mathematics
7	Softcore	MTS 557	Algebraic Number Theory
8	Softcore	MTS 558	Calculus of Variations and Integral
9	Softcore	MTS 559	Mathematical Statistics

M.Sc COMPUTER SCIENCE

I SEMESTER

1	Hard Core	CSH401	Foundations of Computer Science
2	Hard Core	CSH402	Algorithmics
3	Hard Core	CSH403	Data Communications & Computer Networks
4	Hard Core	CSH404	Embedded Systems
5	Soft Core	CSS405	JAVA Technology
6	Soft Core	CSP406	Algorithmics Lab
7	Soft Core	CSP407	Java Programming Lab

II SEMESTER

1	Hard Core	CSH451	Advanced Operating System
2	Hard Core	CSH452	Internet of Things
3	Hard Core	CSH453	Advanced Database Management Systems
4	Soft Core	CSS454	Data Science
5	Soft Core	CSS455	Mobile & Wireless Communications
6	Soft Core	CSS456	Machine Learning
7	Soft Core	CSS457	Natural Language Processing
8	Soft Core	CSS458	Object-Oriented Data Modeling Using UML
9	Soft Core	CSP459	Operating System Lab

10	Soft Core	CSP460	Data Science Lab
11	Soft Core	CSP461	Machine Learning Lab
12	Soft Core	CSP462	DBMS Lab Natural
13	Soft Core	CSP463	Natural Language Processing Lab
14	Soft Core	CSP464	Internet of Things Lab
15	Open	CSE465	Web Technologies
16	Elective	CSE466	Linux Environment Systems

III SEMESTER		
1	Hardcore	CSH501 .NET Technology
2	Hardcore	CSH502 Computer Graphics and Multimedia
3	Hardcore	CSH503 Software Engineering
4	Softcore	CSS504 Information Retrieval
5	Softcore	CSS505 Big Data Analysis
6	Softcore	CSS506 Android Applications
7	Softcore	CSS507 Digital Image Processing
8	Softcore	CSS508 cloud Computing
9	Softcore	CSP509 .NET Programming Lab
10	Softcore	CSP510 Big Data Analytics Lab
11	Softcore	CSP511 Android Applications Lab
12	Softcore	CSP512 Computer Graphics Lab
13	Softcore	CSP513 Image Processing Lab
14	Softcore	CSP514 Cloud Computing Lab
15	Open Elective	CSE515 Open Source Technologies
16	Open Elective	CSE516 Mobile E-Commerce

IV SEMESTER		
1	Hardcore	CSP551 Project Work Viva Voce

M.A. ECONOMICS

I SEMESTER	
1 Hard Core	EC401 Micro Economic Analysis I
2 Hard Core	EC402 Macro Economic Analysis I
3 Hard Core	EC403 Economics of Growth and Development I
4 Hard Core	EC404 Quantitative Methods in Economic Analysis
5 Soft Core (Electives)	EC405 A) Agricultural Economics B) Industrial Economics C) Population Studies

II SEMESTER	
1 Hard Core	EC451 Micro Economic Analysis II
2 Hard Core	EC452 Macro Economic Analysis II
3 Hard Core	EC453 Economics of Growth and Development II
4 Soft Core Electives	EC454 A) Rural Development B) Urban Economics C) Statistical Techniques for Economics Analysis
5 Open Elective	EC455 Indian Economy: Policies & Programmes

III SEMESTER	
1	Hardcore EC501 Public Economics I
2	Hardcore EC502 Econometrics I
3	Softcore EC503 Electives : 1) Development issues of Indian Economy 2) Environmental Economics 3) Health Economics 4) Research Methodology
4	Open EC504 India in Global Economy Elective

IV SEMESTER

RULES & REGULATIONS

GENERAL:

- The college is open to all the students with requisite qualification for admission without distinction of caste or creed.
- **Class Hours:** 9-00 a.m. to 4-00 p.m., However, classes may commence earlier than 9.00am and go beyond 4.00pm, if the situation demands.
- Students who arrive late to the Class can enter only if permitted by the Authority. Those who depend on public conveyance should start early so as to reach the College in time.
- The Morning and the Afternoon sessions begin with an invocation.
- Attendance will be marked for each Hour allotted to a Subject. Students are required to put in not less than 75% Attendance in individual Subjects.
- Attendance is compulsory on the College re-opening day.
- Students should compulsorily appear for the Tests and Term Examinations.
- Students are required to participate in the National Day/Festival Programmes organized by the College.
- All the students are required to participate in the activities and functions conducted by various Associations / Clubs of the College.
- Students are advised to make use of the library facilities whenever they do not have classes.
- Students are advised not to bring large amount of cash or other valuable items to College. They have to take care of their belongings.

- No student shall leave the class without Lecturer's permission.
- Leave Applications countersigned by Parents / Guardian should be forwarded to the coordinator.
- If a student is absent due to sickness, Medical Certificate should be produced.
- Leave record which is appended to the Calendar should be signed by the Class Advisor.
- If a student cannot appear for the Internal Examinations / Class Tests on health grounds (no other reasons are entertained) the matter should be reported by his/her Parent/Guardian to the Principal in advance.
- Ragging in any form is strictly prohibited on the campus/ in hostel. Those who indulge in ragging or encourage it will be dismissed summarily from the college.

DISCIPLINE :

- Students are required to conduct themselves well. The College reserves the right to dismiss any student if his/her behavior tarnishes the image of the College.
- Students are not permitted to celebrate any religious festivals in the College Campus without the prior permission of the Principal.
- Loitering about the Campus should be avoided.
- **Use of Cell phones by the students on the Campus is banned. Cell Phones, if found with the students will be confiscated.**
- Students have to be polite when they deal with the members of the staff.

- Irregularity in attendance, insubordination, discourtesy to Staff Members, habitual inattention and late coming, neglect of work, obscenity in word or act will attract disciplinary actions such as fine, suspension and dismissal.
- **Students should not enter into an altercation with the Lecturers in the Class Room. Disobedience during the class hours will be seriously dealt with.**
- Willful damage caused to the College property will be recovered from the students.
- The College will not be responsible for the conduct of the students outside its premises. However, it will take note of the offence and action will be initiated according to the nature and magnitude of the offence.
- **Students should not raise funds, organize functions, convene meetings without the permission from the Principal.**
- Students are not supposed to play or listen to music using Cell Phones or any other electronic devices on the College Campus. The devices if used will be confiscated.

- Books, Magazines, Newspapers etc., not approved by the Principal are not allowed to be brought to the College.

- Those students who come to the College by Two Wheelers should have a valid Driving License. To avoid noise pollution and disturbance, the Vehicles should be fitted with Silencers. Students should park their vehicles only in the place allotted. Bringing Four Wheelers by the students is prohibited. The College does not provide parking slot for Four Wheelers of the students.
- Educational tours / Industry visit / Field visits are to be organized with the prior permission of the Principal. For all such programmes written permission of the parents is required.
- Attendance at Classes and Examinations, progress, as well as the conduct will be taken into consideration while recommending students for concessions, scholarships, jobs as well as for representing the College in extra curricular activities.
- After class hours no student is expected to remain on the Campus unless there is a program or sports / games practice.

COLLEGE LIBRARY

There is a departmental library for PG students exclusively. However, students can seek permission and do reference work at the main/central library of the College. The main library has a large volume of books and periodicals that needs to be referred for the PG Course.

The rules and regulations of the Library are formulated to ensure uniformity in meeting the demands of the readers. It is the genuine co-operation, sincere appreciation of the library services and adherence to the rules and regulations by readers that can really help the successful functioning of the library.

Library Rules and Regulations
