FOUNDER

Msgr. Antony Patrao was born on 10-12-1901 in Mangalore. He studied at St. Aloysius College, Mangalore. Later he joined St. Joseph's Seminary, Jeppu, Mangalore. He was ordained a priest on 03-12-1927. He was appointed the Parish Priest of Mai De Deus Church, Puttur on 08-10-1939. He became a household name in Puttur as he dedicated himself for the welfare of all the people. He was a great philanthropist and a visionary.

He founded in Puttur :
Mai De Deus Primary School | St. Victor Girl's High School
St. Philomena High School | St. Philomena College
St. Victor English Medium School
| Fr Patrao Hospital

After leading a useful life dedicated wholly to the welfare of humankind, Msgr Patrao left for the Heavenly Abode on 14-05-1975 at the ripe age of 74 years.

Centre for PG Studies and Research St Philomena College

Affiliated to Mangalore University | Re-Accredited by NAAC at 'A' Grade

OUR VISION :

To be a premier institution for Higher Education, constantly in service to the Society in the fields of Education and Welfare.

OUR MISSION :

To educate and train the young knowledge seekers for their Holistic Development to make effective contribution to the society.

St. Philomena College is a prestigious forerunner in the domain of higher education, having a flawless reputation and history of sixty years characterized by a range of impressive curricular, co-curricular and extracurricular activities. The College has an impeccable record of producing outstanding leaders and personnel in various disciplines of study and walks of life. Our College stands out as a towering institution amidst all academic establishments.

The College was founded in the year 1958 by a great visionary and zealous missionary, Msgr. Antony Patrao. Since its inception, the College has been growing steadily without compromising on the quality of its educational services. It is governed by the Catholic Board of Education (CBE) of the Diocese of Mangalore presided by Most Rev. Dr. Aloysius Paul D'Souza, the Bishop of Mangalore.

OUR CAMPUS :

St. Philomena College is located in Puttur which is 50 Km away from Mangalore City. The college is well - connected by road and railway facilities. It has more than 25 acres of land with the following infra structural facilities :

- Separate classrooms for students of each batches and courses.
- A host of state of the art science laboratories.
- A well-stocked library in addition to the post graduate departmental library.
- A well-furnished auditorium.
- A classic chapel.
- Different hostel facilities for men and women.
- Separate play grounds for all major sports and games such as Football, Hockey, Basketball, Volleyball, Cricket, Kabaddi, Kho-Kho and a host of other track and field events.

OUR OBJECTIVES :

- To Provide opportunities for Higher Education to the young knowledge seekers.
- To prepare the students optimize the various social resources for sustainable growth and development
- To sensitize the students about the social needs and problems.
- To provide guidance and support for the all-round development of personality of the students.
- To help the students accomplish their career opportunities.

IN ADDITION TO SIX UNDER-GRADUATE PROGRAMS THE COLLEGE OFFERS THE FOLLOWING POST-GRADUATE PROGRAMS

COURSES OFFERED :

Master of Social Work (M.S.W.)

Master of Commerce (M.Com.)

M.Sc. (Physics)

M.Sc. (Mathematics)

M.Sc. (Computer Science)

M.A. (Economics)

M.A. (Hindi)

The details of the Courses are outlined below :

MASTER OF SOCIAL WORK (MSW)

Eligibility:

Candidates who have passed any Bachelor Degree examination of Mangalore University or any other considered as equivalent thereto are eligible for the programme provided they have secured a minimum of 45% (40% for SC/ST/Category-I candidates) marks in optionals. Selection to the programme is based on the marks secured in the degree programme and in the entrance examination conducted by the college.

I Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Social Work Profession- History and Ideologies
2	Hard Core	Working with Individuals and Families
3	Hard Core	Working with Groups
4	Soft Core	Dynamics of Human Behaviour OR Personal and Professional Development for Social Work Practice
5	Hard Core	Social Work Practicum (Orientation Visits and Concurrent Fieldwork)

II Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Social Policy and Welfare Administration
2	Hard Core	Community Organization and Social Action
3	Hard Core	Social Work Research and Statistics
4	Soft Core	Industrial psychology OR Social Work with Families
5	Open Elective	Contemporary Social work Perspectives and Concerns OR Development of Communication Skills and Professionalism
6	Hard Core	Social Work Practicum (Concurrent Fieldwork and Social Work Camp)

III Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Project Planning and Management
Specialization I (Community Development)		
2	Soft Core	Rural and Tribal Community Development Specialization
		Management of Non-profit Organizations for Sustainable Development
Specialization II (Medical and Psychiatric Social Work)		
3	Soft Core	Medical Social Work
		Perspectives of Psychiatric Social Work
Specialization III (Human Resource Management)		
4	Soft Core	Management Concepts and Practices
		Human Resource Management and Development
5	Soft Core	Correctional Social Work OR Human Resource Training and Development
6	Open Elective	Disaster Management OR Understanding Marginalities
7	Hard Core	Social Work Practicum (Concurrent Fieldwork and Study Tour)

IV Semester

Sl. No.	Type	Title of Paper
1	Soft Core	Communication Skills for Social Work Practice OR Juvenile Justice System in India
Specialization I (Community Development)		
2	Soft Core	Urban Community Development
		Citizen Participation and Local self Governance
Specialization II (Medical and Psychiatric Social Work)		
3	Soft Core	Social Medicine and Medical Social Work
		Therapeutic Counseling

Specialization III (Human Resource Management)		
4	Soft Core	Labour Welfare and
		Labour Legislation
5	Project Work	Research Project
6	Hard Core	Social Work Practicum (Concurrent Fieldwork and Block Placement)

Students on completion of MSW programme will be able to :

- Understand the value base of the profession, its ethical standards, principles, and practice
 - Understand the forms and mechanisms of oppression and discrimination and apply strategies of social change for social and economic justice
 - Use theoretical frameworks supported by empirical evidence to understand individual development and behavior across the life span and the interactions among individuals and between individuals, families, groups, organizations, and communities.
 - Apply the knowledge and skills of generalist social work practice with systems.
 - Apply critical thinking skills within the context of professional social work practice.
 - Analyze, formulate, and influence social policies
 - Evaluate research studies, apply research findings to practice, and evaluate their own practice interventions
 - Use communication skills differentially across client populations, colleagues, and communities
 - Use supervision and consultation appropriate to social work practice
 - Function within the structure of organizations and service delivery systems and seek necessary organizational change
 - Use opportunities for continuing professional education to enhance their professional development
 - Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
 - Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
 - Acquire knowledge, skills and attitude to become more suitable for employment in NGOs, government and industry.
-

MASTER OF COMMERCE (M.Com.)

Eligibility :

Candidates who have passed the three year B.Com/B.B.M. degree examination of Mangalore University or any other University considered as equivalent thereto are eligible for the programme provided they have obtained not less than 45% (40% for SC/ST/Category-I candidates) marks in aggregate in all the subjects excluding languages and group III subjects. Selection to the programme is based on the marks secured in the degree programme.

I Semester

Sl. No.	Type	Title of Paper
1	Soft Core	Management Theory and Practice
2	Soft Core	Business Economics
3	Soft Core	Innovation in Business
4	Hard Core	Business Statistics
5	Hard Core	Management Science
6	Hard Core	Advanced Financial Accounting

II Semester

Sl. No.	Type	Title of Paper
1	Open Elective	Personality Development
2	Soft Core	Entrepreneurship
3	Soft Core	Strategic Marketing
4	Soft Core	Business, Industry and
5	Hard Core	Business Research Methods
6	Hard Core	International Business
7	Hard Core	Advanced Cost Accounting

III Semester

Sl. No.	Type	Title of Paper
1	Open Elective	Personal Savings and Investment Management
2	Hard Core	Foreign Trade and Policy
3	Hard Core	Business Ethics and CSR
4	Hard Core	E-Commerce
Optional Stream -1: Financial Management and Investment Science (FMAIS)		
5	Soft Core	Corporate Accounting
6	Soft Core	Capital Market Operations
Optional Stream -2: Human Resource Development and Management (HRDAM)		
7	Soft Core	Human Resource Development
8	Soft Core	Strategic Human Resource Management

IV Semester

Sl. No.	Type	Title of Paper
1	Soft Core	Retail Management
2	Soft Core	Dissertation
3	Hard Core	Risk and Insurance Management
4	Hard Core	International Financial
Optional Stream -1: Financial Management and Investment Science (FMAIS)		
5	Soft Core	Financial Derivative Markets
6	Soft Core	Portfolio Management
Optional Stream -2: Human Resource Development and Management (HRDAM)		
7	Soft Core	Organisational Behaviour
8	Soft Core	Labour Legislation

The successful student of M.Com has reliably demonstrated the ability to :

- Acquire strong subject-matter expertise in finance, financial instruments and markets
- Identify, analyze and solve business problems
- Analyse commerce / business issues in the international context
- Apply basic mathematical and statistical skills necessary for analysis of a range of problems in accounting, marketing, management and finance
- Use critical reasoning to evaluate information
- Make use of quantitative skills necessary for analysis and critical reasoning
- Express ideas clearly and logically in oral and written formats
- Master a body of knowledge in one area of specialization within the discipline of Commerce
- Communicate effectively and to understand inter-disciplinary expressions
- Use opportunities for continuing professional education to enhance their professional development
- Demonstrate skills for life-long learning
- Develop advanced theoretical knowledge and research capabilities in the preparation for academic and research focused careers
- Understand and use information technology tools, techniques and resources
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.

M.Sc. PHYSICS

Eligibility :

Candidates who have passed the three year B.Sc. degree examination of Mangalore University or any other University considered as equivalent thereto with Physics as major / optional / special subject are eligible for the programme provided they have studied Mathematics as major / optional / special / minor / subsidiary subject for at least two years and secured a minimum of 45% (40% for SC/ST/Category-I candidates) marks in Physics and Mathematics.

I Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Methods of Mathematical Physics - I
2	Hard Core	Quantum Mechanics I
3	Hard Core	Classical Mechanics
4	Hard Core	Electrodynamics
5	Soft Core	Physics Practicals I (General)
6	Soft Core	Physics Practicals II (Electronics)

II Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Mathematical Physics II
2	Hard Core	Quantum Mechanics II
3	Hard Core	Nuclear and Radiation Physics
4	Hard Core	Condensed Matter Physics and Electronics
5	Open Elective	Energy studies
6	Soft Core	Physics Practicals III (General)
7	Soft Core	Physics Practicals IV (General)

III Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Atomic and Molecular Physics
2	Hard Core	Thermodynamics and Statistical Physics
3	Soft Core	Electronics I
4	Soft Core	Nuclear Physics I
5	Soft Core	Electronics II
6	Soft Core	Nuclear Physics II
7	Open Elective	Radiation Sources and Hazards
8	Soft Core	Electronics - Practicals I
9	Soft Core	Nuclear Physics – Practicals I
10	Soft Core	Electronics - Practicals II
11	Soft Core	Nuclear Physics – Practicals II

IV Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Lasers, Vacuum Techniques and Cryogenics
2	Hard Core	Astrophysics and Relativity
3	Soft Core	Electronics III
4	Soft Core	Nuclear Physics III
5	Soft Core	Electronics IV
6	Soft Core	Nuclear Physics IV
7	Hard Core	Project work

The successful student of M.Sc. – Physics will have the ability to :

- Demonstrate substantial knowledge in physics, basic knowledge in mathematics and knowledge in supported fields like computer science.
- Show advanced knowledge in some areas in physics.
- Apply advanced theoretical and/or experimental methods, including the use of numerical methods and simulations.

- Combine and use knowledge from several disciplines.
- Disseminate subject matter and results to both specialists and a broader audience.
- Know the historical development of physics, its possibilities and limitations, and understand the value of lifelong learning.
- Understand the role of physics in society and has the background to consider ethical problems.
- Gather, assess, and make use of new information.
- Acquire an international perspective on specialized areas in physics.
- Communicate effectively and to understand inter-disciplinary expressions
- Develop and renew scientific competence independently
- Enter new problem areas that require an analytic and innovative approach.
- Successfully carry out advanced tasks and projects, both independently and in collaboration with others, and also across disciplines.
- Demonstrate background and experience required to model, analyse, and solve advanced problems in physics.
- Impart intensive knowledge and training required for research and for professional application.
- Prove research experience within a specific field of physics, through a supervised project.
- Critically and independently assess and evaluate research methods and results.
- Use opportunities for continuing professional education to enhance professional development
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.Sc. MATHEMATICS

Eligibility:

Candidates who have passed the three year B.Sc. degree examination of Mangalore University or any other University considered equivalent thereto with Mathematics as major / optional / special subject are eligible for the programme provided they have secured a minimum of 45% (40% for SC/ST/Category-I candidates) marks in Mathematics.

I Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Algebra – I
2	Hard Core	Linear Algebra – I
3	Hard Core	Real Analysis – I
4	Soft Core	Numerical Analysis
5	Soft Core	Number Theory

II Semester

Sl. No.	Type	Title of Paper
1	Open Elective	Discrete Mathematics and Applications
2	Hard Core	Algebra – II
3	Hard Core	Real Analysis – II
4	Hard Core	Topology
5	Soft Core	Linear Algebra – II
6	Soft Core	Ordinary Differential Equations

III Semester

Sl. No.	Type	Title of Paper
1	Open Elective	Differential Equations and Applications
2	Hard Core	Complex Analysis - I
3	Hard Core	Measure and Integration

4	Hard Core	Multivariate Calculus and Geometry
5	Soft Core	Advanced Numerical Analysis
6	Soft Core	Commutative Algebra
7	Soft Core	Graph Theory
8	Soft Core	Lattice Theory
9	Soft Core	Fluid Mechanics
10	Soft Core	Theory of Partitions

IV Semester

Sl. No.	Type	Title of Paper
1	Project	Project Work
2	Hard Core	Complex Analysis - II
3	Hard Core	Functional Analysis
4	Soft Core	Partial Differential Equations
5	Soft Core	Advanced Topology
6	Soft Core	Advanced Discrete Mathematics
7	Soft Core	Algebraic Number Theory
8	Soft Core	Calculus of Variations and Integral Equations
9	Soft Core	Mathematical Statistics

The successful student of M.Sc. – Mathematics will have the ability to :

- Demonstrate substantial knowledge in mathematics and knowledge in supported fields like computer science.
- Know the historical development of mathematics, its application, and understand the value of lifelong learning.
- Gather, assess, and make use of new information.
- Acquire an international perspective on specialized areas in mathematics.
- Show advanced knowledge in specialized areas in mathematics.
- Demonstrate background and experience required to model, analyse, and solve advanced problems in mathematics.
- Understand the role of mathematics in society encompassing diverse fields

- Enter new problem areas that require an analytic and innovative approach.
- Disseminate subject matter and results to both specialists and a broader audience.
- Successfully carry out advanced tasks and projects, both independently and in collaboration with others.
- Impart intensive knowledge and training required for research and for professional application
- Prove research experience within a specific field of mathematics, through a supervised project.
- Critically and independently assess and evaluate research methods and results.
- Communicate effectively and to understand inter-disciplinary expressions
- Use opportunities for continuing professional education to enhance professional development
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for employment.

M.Sc. COMPUTER SCIENCE

Eligibility:

Candidates who have passed any of the following Bachelor Degrees from Mangalore University or any other university considered as equivalent thereto are eligible for the programme provided they have secured a minimum of 45% (40% for SC/ ST/ Category-I) aggregate marks excluding languages and group III subjects.

- B.Sc. degree with Computer Science / Computer Applications (Vocational) as optional / major / subsidiary subjects
- B.Sc. (Hons) degree with Computer Science / Computer Systems / Information Science / Information Systems
- B.Sc. degree with Mathematics / Statistics / Physics / Electronics / Instrumentation as optional / major / subsidiary along with P.G. Diploma in Computer Applications / Computer Science / Information Technology
- Bachelor of Computer Applications (BCA)
- Bachelor of Computer Science (BCS) (Integrated Programme)
- Bachelor of Information Technology (BIT)
- Bachelor of Information Science (BIS)
- Bachelor of Engineering (BE) / Bachelor of Technology (B.Tech).

I Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Foundations of Computer Science
2	Hard Core	Algorithmics
3	Hard Core	Data Communications and Computer Networks
4	Hard Core	Embedded Systems
5	Soft Core	JAVA Technology
6	Soft Core	Algorithmics Lab
7	Soft Core	Java Programming Lab

II Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Advanced Operating System

2	Hard Core	Internet of Things
3	Hard Core	Advanced Database Management Systems
4	Soft Core	Data Science
5	Soft Core	Mobile & Wireless Communications
6	Soft Core	Machine Learning
7	Soft Core	Natural Language Processing
8	Soft Core	Object-Oriented Data Modeling Using UML
9	Soft Core	Operating System Lab
10	Soft Core	Data Science Lab
11	Soft Core	Machine Learning Lab
12	Soft Core	DBMS Lab Natural
13	Soft Core	Language Processing Lab
14	Soft Core	Internet of Things Lab
15	Open Elective	Web Technologies
16	Open Elective	Linux Environment Systems

III Semester

Sl. No.	Type	Title of Paper
1	Hard Core	NET Technology
2	Hard Core	Computer Graphics and Multimedia
3	Hard Core	Software Engineering
4	Soft Core	Information Retrieval
5	Soft Core	Big Data Analytics
6	Soft Core	Android Applications
7	Soft Core	Digital Image Processing
8	Soft Core	Cloud Computing
9	Soft Core	NET Programming Lab
10	Soft Core	Big Data Analytics Lab
11	Soft Core	Android Applications Lab

12	Soft Core	Computer Graphics Lab
13	Soft Core	Image Processing Lab
14	Soft Core	Cloud Computing Lab
15	Open Elective	Open Source Technologies
16	Open Elective	Mobile E-Commerce

IV Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Project work Viva Voce

The successful student of M.Sc. – Comp. Sc. has reliably demonstrated the ability to :

- Operate computer systems of different types independently.
 - Use different computer applications independently.
 - Implement business logic into algorithms and algorithms into code.
 - Write computer programs using programming languages and development environments.
 - Analyze requirements for the development of a software product.
 - Manage data using database management tools
 - Organize files and backup / recover data using utilities.
 - Troubleshoot and manage computer hardware and software resources.
 - Use supervision and consultation appropriate to IT sector.
 - Use opportunities for continuing professional education to enhance their professional development.
 - Communicate effectively and to understand inter-disciplinary expressions
 - Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
 - Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.
 - Use opportunities for continuing professional education to enhance professional development.
 - Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
 - Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
 - Acquire knowledge, skills and attitude to become more suitable for employment.
-

M.A. ECONOMICS

Eligibility:

Candidates who have passed the three year B.A. degree examination of Mangalore University or any other University considered as equivalent thereto with Economics as major/optional subject are eligible for the programme provided they have secured a minimum of 45% (40% for SC/ST/Category-I candidates) marks in Economics.

I Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Micro Economic Analysis I
2	Hard Core	Macro Economic Analysis I
3	Hard Core	Economics of Growth and Development I
4	Hard Core	Quantitative Methods in Economic Analysis
5	Soft Core	Electives: A) Agricultural B) Industrial Economics C) Population Studies

II Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Micro Economic Analysis II
2	Hard Core	Macro Economic Analysis II
3	Hard Core	Economics of Growth and Development II
4	Soft Core	Electives: A) Rural Development B) Urban Economics C) Statistical Techniques for Economics Analysis
5	Open Elective	Indian Economy: Policies and Programmes

III Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Public Economics
2	Hard Core	Econometrics I
3	Soft Core	Electives: A) Development Issues of Indian Economy B) Environmental Economics C) Health Economics D) Research Methodology
4	Open Elective	India in Global Economy

IV Semester

Sl. No.	Type	Title of Paper
1	Hard Core	International Economics
2	Hard Core	Econometrics II
3	Hard Core	Project
4	Soft Core	Electives: A) Economics of Insurance B) Financial Economics C) Managerial Economics D) Economics of Infrastructure

The successful student of M.A. – Economics will demonstrate the ability to:

- Understand fundamental economic principles and be able to apply these ideas to analyze public policies, business practices, and real-world events.
- Understand at an advanced level about the complex economics mechanism that characterize modern society.
- Analyse how markets for goods and services function and how income is generated and distributed.
- Analyze a problem and draw correct inferences using qualitative and/or quantitative analysis.

- Use microeconomic tools and concepts to address public policy issues such as competition, environmental protection, financial regulation, innovation and intellectual property, labor law, or taxation.
- Give insight into energy economics, competition policy, industrial economics, financial markets, environmental and resource economics, development economics and international trade and globalization
- Use of econometric- and mathematical methods
- Apply mathematical methods, through modeling and large-scale data analysis.
- Identify, compile, interpret, and analyze quantitative economic data by expressing relationships between concepts through graphs, statistical or econometric analysis.
- Understand basic econometric modeling techniques.
- Develop and estimate economic models, test economic hypothesis, and perform basic forecasting tasks.
- Undertake applied work and research projects in economics
- Communicate effectively by presenting complex information in a clear and concise manner orally, on paper and using ICT.
- Demonstrate information technology skills, especially in the areas of information retrieval, literature searching and library databases.
- Acquire knowledge, skills and attitude to become more suitable for self employment and the emerging employment market.

M.A. IN HINDI

Eligibility

Candidates who have passed the three year B.A. degree examination of Mangalore University or any other University considered as equivalent thereto with Hindi as major/ optional subject are eligible for admission to the programme provided they have secured a minimum of 45% (40% for SC/ST/Category-I candidates) marks in Hindi.

Candidates who have passed the respective language/ literature as a minor subject or first/ second language at the degree level are also eligible provided they have secured not less than 60% marks in aggregate in the respective subject as a minor or first/ second language. These marks are to be equated with marks of optional Hindi in the ratio of 60:45.

Candidates who have passed any Bachelors degree of Mangalore University or any other University considered as equivalent thereto with any one the following Hindi Degree/ Certificates are also eligible.

- Rastra Bhasha Praveen or Rastra Bhasha Visharad of Dakshina Bharth Hindi Prachar Sabha, Madras.
- Rajabhasha Vidwan or Rajabhasha Prakash Examination of Karnataka Hindi Prachar Samithi, Bangalore.
- Hindi Ratna Examination of Mysore Hindi Prachar Parishat, Bangalore.
- Bhasha Praveen Examination of Karnatak Mahila Hindi Seva Samithi, Bangalore.
- Sahitya Visharad i.e. Sahitya Madhyama or Uttama (with Hindi Sahitya) i.e. Sahitya Ratna of Hindi Sahitya Sammelan, Prayag (OR) Hindi Vidwan of Karnataka Government with the Post Pre-University Diploma in Hindi of the University (OR) Hindi Vidwan of Government of Karnataka with S.S.L.C. and B.Ed. of this University.

I Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Hindi Sahithya Ka Ithihas -1
2	Hard Core	Madhya Kaleen Hindi Kavya
3	Hard Core	Bhasha Ka Ithihas Tatha Hindi
4	Soft Core	Hindi Kahani
5	Soft Core	Hindi Nibandh
6	Soft Core	Hindi Rekhachithra
7	Soft Core	Hindi Athmakatha

II Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Hindi Sahithy Ka Ithihas -II
2	Hard Core	Adhunik Hindi Kavya
3	Hard Core	Prayojanmulak Hindi
4	Soft Core	Hindi Prabhandh Kavya
5	Soft Core	Hindi Upanyas
6	Soft Core	Hindi Natak
7	Soft Core	Hindi Ekanki
8	Open Elective	Hindi Bhasha Aur Devanagari Lipi

III Semester

Sl. No.	Type	Title of Paper
1	Hard Core	Samanya Bhasha Vijnyan
2	Hard Core	Bharathiya Sahithya
3	Hard Core	Bharathiya Evam Paschathya Kavyashashtra
4	Soft Core	Tulasidas
5	Soft Core	Surdas
6	Soft Core	Premchand Ki Pratinidhi Kahaniya
7	Soft Core	Rahau Sankratyayan- Yatra Sahitya
8	Open Elective	Hindi Sahithya Ka Sankshipth Parichay

IV Semester

Sl. No.	Type	Title of Paper
1	Hard Core	CoreAnuvadh Siddhanth Aur Prayog
2	Hard Core	Hindi Pathrkaritha
3	Soft Core	Samkaleen Nari Vimarsh
4	Soft Core	Samkaleen Dalith Vimarsh
5	Soft Core	Hindi Mahila Kathakar
6	Soft Core	Hindi Kaviyathri

7	Soft Core	Hindi Alochana
8	Soft Core	Media Lekhan
9	Soft Core	Pariyojana Karya

The Salient Features of the Choice Based Credit System (CBCS) (Semester Scheme):

Each course in a programme shall carry certain number of credits, which normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc. In the proposed programmes, the credits shall be based on the number of instructional hours per week, generally 1 credit is equivalent to one hour of instruction in theory, or 1 or 2 hours of tutorial, or one and a half or two hours of practical/field work/project work/ internship per week.

COURSE PATTERN

1. Each postgraduate programme will comprise "core" and "elective" courses. The "Core course" will further consist of "hard" and "soft" core courses. Hard core courses can have 4/5 credits. Soft core courses can have 3/4 credits. Open Electives have 3 credits each. Total credit of the programme is between 84 to 92.
2. Out of the total of 84 to 92 credits of the programme, the hard core will make up 50-70% of the total credits, soft core 30-45% while the open electives will have a fixed 6 credits (3 credits x 2 courses). A student have to take minimum of 18 credits and maximum of 26 credits in any semester.
3. A credit is a unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to (i) one hour of teaching per week, (ii) two or one hour per week of tutorial, and (iii) two hours or one and half hours of practical work/field work per week. (iv) Open electives may have 3 to 4 hours of instruction for 3 credits.
4. A student can take the courses offered by a department in any semester, provided they are offered by the department in that particular semester and with the permission from the University well in advance. However, certain courses have one or more courses as prerequisites as prescribed by the Board of Studies and such courses can be taken only after studying those prerequisite courses. Project work is taken up in the third and/or fourth semester and open electives are taken in 2nd and 3rd semesters.
5. The performance of a student in a course is graded and the "grade" is an index of the performance of that student. The overall performance of a student over the whole programmed is expressed as CGPA (Cumulative Grade Point Average).
6. The CGPA of a programme shall be declared on the basis of the total credits that a

student secures in hard and soft core courses and the credits of the open electives shall not be considered in declaring the CGPA. However, a student has to compulsorily take one open elective each in the second and the third semesters (two open elective courses in all) and secure a minimum of 6 credits in the open elective courses to qualify to pass the programme.

7. The grade card is not a statement of Marks. However, the printed CGPA card issued by the university shall declare a formula to convert the CGPA to an overall percentage.
8. Boards of Studies shall exercise care in framing open elective courses and see that these courses are not general introduction to an area of study. The open electives offered by the departments will maintain the level and standards of other postgraduate courses offered by them. Care must also be exercised to see that open elective courses will not repeat undergraduate syllabi.
9. If a student so wishes, he/she may take extra courses. However, the credits so earned in excess shall not be considered in the declaration of the CGPA.
10. A student can earn a maximum of 15 credits in soft core by doing courses in a department other than the one to which he is admitted, provided that such courses are relevant to his discipline and provided, further, that the Councils of the departments concerned approve it.
11. Two or more open electives may be offered in the second and third semesters by every department.
12. In the case of subjects with practical there shall be minimum of 16 credits of practical in the programme.

MAXIMUM PERIOD FOR COMPLETION OF THE PROGRAMME:

The candidate shall complete the Master Degree programme within five years from the date of admission to the programme or within the period as prescribed in the regulations governing maximum period for completing various degree/diploma programmes of Mangalore University.

THE SCHEME OF EXAMINATION:
