Welcome to
SPC

St Philomena College, Puttur is affiliated to Mangalore University and is managed by the Catholic Board of Education, Mangalore. It was founded in the year 1958 with an objective of educationally empowering the people of this region and around. Since its inception, the College has lived up to the societal expectations, turning out consistent and appreciable results in academic and non-academic fields. The enrollment of students from faraway places is a testimony to the vibrant functioning of the College.

Most Rev. Dr Peter Paul Saldanha
President, Catholic Board of Education

Very Rev. Fr Antony M. Shera
Secretary, Catholic Board of Education

Very Rev. Fr Lawrence Mascarenhas
Correspondent & Joint Secretary

Rev. Dr Antony Prakash Monteiro
Principal

MANAGEMENT :

The College is managed by the Catholic Board of Education, Mangalore. The CBE has under its care 5 Colleges with PG Courses & 2 Colleges with UG Programs, 7 Pre-University Colleges, 56 High Schools, 126 Primary Schools and 4 CBSE Schools. Most Rev. Dr Peter Paul Saldanha the Bishop, Diocese of Mangalore is the President of CBE.

VISION :

To be a premier Institution for Higher Education, constantly in service for the welfare of the Society.

To Facilitate the holistic development of the youngsters through education and training thereby contribute to the socio - economic development of the society.

MISSION :

OBJECTIVES:

- To provide guidance and support for the students to excel
- To sensitize the students about the social needs and problems
- To help the students accomplish their career opportunities
- To prepare the students in nation building activities
- To promote good citizenry among the students

COURSES OFFERED

The College offers FIVE four-year Multidisciplinary UG programs under the "Regulations Governing the Choice Based Credit System Semester Scheme with Multiple Entry and Exit Options in the Undergraduate Degree Programmes in the Faculties of Arts, Science, and Commerce (NEP 2020)" of Mangalore University. The four-year Multidisciplinary Undergraduate program is a fundamental transformation of undergraduate education that replaces the conventional undergraduate programs of Universities to Outcome Based Education (OBE) practices. Students will have the option to exit after one year with a Certificate, 2-years with the award of the Diploma, and after 3-years with the award of the Bachelor's Degree. Successful completion of the four-year program will lead to the award of a Bachelor's Degree with Honors in particular subjects.

HIGHLIGHTS OF NEW EDUCATION POLICY (NEP)

- ◆ Each degree program carries a certain number of Credits.
- ◆ Credits represent the weightage of a course and are a function of teaching, learning and evaluation strategies.
- ◆ 2 hours of instruction per week in a Semester carries 1 Credit.
- ◆ 1 Credit is equivalent to 50 marks.
- ◆ A three year degree program will have a maximum of 100 Credits or 104 credits.
- ◆ The degree programs are structured on Semester basis
- ◆ Apart from the mandatory subjects of study, students at different levels will study foundation courses, general studies and inter-disciplinary subjects along with electives.
- ◆ Participation of students in co-curricular and extra-curricular activities is compulsory as these are a part of the Credit Based semester scheme.

VALUE ADDED / CERTIFICATE COURSES OBJECTIVES

- ◆ To facilitate a holistic development of the students.
- ◆ To impart moral and ethical values.
- ◆ To enhance life skills & employment.
- ◆ To widen career options.
- ◆ To promote community orientation.

BA

Bachelor of Arts

B. Sc.

Bachelor of Science

DURATION

3 Years Basic Degree
4 Years Honours

PROGRAM IN BRIEF

B.Sc. or Bachelor of Science is an undergraduate degree of three/four years duration. It is one of the most popular programs opted for by Science students after class 12 who have a flair for scientific aptitude and zeal for research-oriented and calculative approaches based on a proven systematic methods. Science is all about experiments, research and discovery. A B.Sc. degree is a culmination of both theoretical and practical ways of learning. The core of a B.Sc. degree consists of courses in Mathematics, Physics, Chemistry, Biology and other related fields. The B.Sc. program offers a wide range of specializations and areas. Pursuing a B.Sc. degree also opens up multiple avenues for a student and they can either opt for higher studies in Science or any other discipline that may be related to or different from the subjects studied during graduation. However, a Master of Science (M.Sc.) is the most popular higher education alternative opted for by students after completing B.Sc.

A B.Sc. program is offered in two categories – B.Sc. Honors and B.Sc. Basic. The former focuses on one major subject area. The curriculum is designed to keep more focus on the Honours subject and also includes subjects or papers from the elective subjects students opt for.

CAREER OPPORTUNITIES

Students who successfully complete the three or four year Bachelor of Science (B.Sc.) programme have a wide range of possibilities and opportunities available to them. After graduating, a student may pursue a master's degree, work as a lecturer, enter the research area, or become a lab assistant. The main justification for pursuing a B.Sc. is that there is ongoing need for people with a background in science because the field of science and innovation is flourishing today more than ever. There will be no scarcity of career chances for a graduate who has spent three or four years learning in accordance with scientific and theoretical understanding. A further advantage of a B.Sc. is its capacity to specialize.

SPECIAL SCHOLARSHIPS

There are numerous scholarships for B.Sc. students, such as the INSPIRE Scholarship, the HDFC Educational Crisis Scholarship Support (ECSS), the Promotion of Science Education (POSE) Scholarship, the Kishore Vaigyanik Protsahan Yojana (KVPPY) & CV Raman Scholarship.

ELIGIBILITY

A candidate who has passed the two years Pre-University Examination conducted by the Pre-University Education Board in Karnataka or any other examination considered equivalent thereto shall be eligible for admission to B.Sc. programs. Generally, a candidate to opt for a subject should have studied that subject at the qualifying examination.

Additional conditions of eligibility are required for specific subjects as follows

- Candidates opting for Physics should have studied Mathematics in addition to Physics at the qualifying examination.
- Candidates opting for Botany/Zoology should have studied that subject or Biology at the qualifying examination.

B. Sc. @ SPC ADVANTAGES

- Well-equipped science laboratories
- Science Forum ► Collaborations with Research Institutions ► Qualified and experienced faculty ► Opportunities for higher education on the Campus
- Research Projects ► Internships
- Interaction with experts ► Field Visits
